SDG PROVISIONS

For each issuance of Notes under the Programme during the period from (and including) the date of this Information Memorandum to (but excluding) the SDG Target End Date, such Notes will be designated as “SDG Target Notes”.

From (and including) the SDG Target End Date (i) the status of any SDG Target Notes outstanding at that time shall not change, but (ii) the Issuer shall not be entitled to issue any further Notes designated as “SDG Target Notes” under the Programme.

The Issuer and the Guarantor have undertaken in the Dealer Agreement to publish, on or about the SDG Target End Date and, in any case, no later than 90 days from such SDG Target End Date, a supplement to this Information Memorandum or a new information memorandum relating to the Programme, specifying the status of Notes to be issued after the SDG Target End Date.

Although the Guarantor intends to attain the Targets in accordance with its Sustainability-Linked Financing Framework, there can be no assurance of the extent to which it will be successful in doing so or that any future investments it makes in furtherance of such intention will meet investor expectations or any binding or non-binding legal standards regarding sustainability performance, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect environmental, sustainability or social impact. In addition, the definition of the relevant KPIs underlying the Targets and associated definitions may be inconsistent with investor requirements or expectations or other definitions relevant to greenhouse emissions.

Neither the designation of the Programme as an SDG Target Programme nor the designation of any Notes issued under the Programme as SDG Target Notes is a recommendation to buy, sell or hold securities. The Notes may not satisfy an investor’s requirements or any future legal or quasi-legal standards for investment in assets with sustainability characteristics and investors should conduct their own assessment of the Notes from a sustainability perspective. The net proceeds of the SDG Target Notes will be used for general corporate purposes, provided that the Issuer will not predetermine the allocation of the relevant net proceeds.

Additional information on the Programme:

The aggregate amount of Notes outstanding at any time will not exceed €8,000,000,000 (or its approximate equivalent in other currencies calculated at the date of issue of any Note). The amount of the Programme may be increased by the Issuer and the Guarantor from time to time in accordance with the amended and restated Dealer Agreement dated 30 March 2023 (the “**Dealer Agreement**”) (as further amended and/or restated from time to time).

The Guarantee and any non-contractual obligations arising out of or in connection with the Notes will be governed by Italian law.

For each issuance of Notes under the Programme during the period from (and including) the date of this Information Memorandum to (but excluding) the SDG Target End Date, such Notes will be designated as “SDG Target Notes”. From (and including) the SDG Target End Date (i) the status of any SDG Target Notes outstanding at that time shall not change, but (ii) the Issuer shall not be entitled to issue any further Notes designated as “SDG Target Notes” under the Programme.

The Issuer and the Guarantor have undertaken in the Dealer Agreement to publish, on or about the SDG Target End Date and, in any case, no later than 90 days from such SDG Target End Date, a supplement to this Information Memorandum or a new information memorandum relating to the Programme, specifying the status of Notes to be issued after the SDG Target End Date.

Although the Guarantor intends to attain the Targets in accordance with its Sustainability-Linked Financing Framework, there can be no assurance of the extent to which it will be successful in doing so or that any future investments it makes in furtherance of such intention will meet investor expectations or any binding or non-binding legal standards regarding sustainability performance, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect environmental, sustainability or social impact. In addition, the definition of the relevant KPIs underlying the Targets and associated definitions may be

inconsistent with investor requirements or expectations or other definitions relevant to greenhouse emissions.

Neither the designation of the Programme as an SDG Target Programme nor the designation of any Notes issued under the Programme as SDG Target Notes is a recommendation to buy, sell or hold securities. The Notes may not satisfy an investor's requirements or any future legal or quasi-legal standards for investment in assets with sustainability characteristics and investors should conduct their own assessment of the Notes from a sustainability perspective. The net proceeds of the SDG Target Notes will be used for general corporate purposes, provided that the Issuer will not predetermine the allocation of the relevant net proceeds.

According to ENEL’s estimates, the ENEL Group is the leading electricity operator in both Italy and Spain, one of the largest energy operators in the Americas, where it is active in 12 countries with power generation plants of all types, and one of the leading global operators in the fields of generation, distribution and sale of electricity. In particular, the ENEL Group had an asset backed presence in more than 30 countries across five continents (Europe, Americas, Africa, Asia and Oceania),

Moreover, according to ENEL's estimates, ENEL is the largest Italian power company and Europe's second largest listed utility by installed capacity. This innovative measurement system is essential to the development of smart grids, smart cities and electric mobility.

STRATEGY

The 2023-2025 Strategic Plan

After the major gains realised in recent years, the Group is continuing to strengthen its industrial growth. ENEL approved its new 2023-2025 strategic plan on 22 November 2022 (the “**Strategic Plan**”).

In the Strategic Plan period, the Group expects to:

- concentrate on integrated value chain pursuing sustainable electrification, which is increasingly needed in global energy systems;
- strategically reposition businesses and geographies, with a disposal plan worth around 21 billion euros in terms of positive contribution to the reduction of Group Net Debt. The bulk of this plan is expected to be rolled out by the end of 2023, resulting in a more agile company focused on six core countries;
- secure growth and financial strength.

Towards these aims, between 2023 and 2025, the Group expects to invest a total of around 37 billion euros in order to implement the following strategic actions:

I. Balance customers’ demand and supply to optimize the risk/return profile

By 2025, in the six core countries, the Group plans to sell around 80% (vs about 75% estimated for 2022) of electricity volumes under fixed price contracts, which are expected to total around 200 TWh in 2025, an increase of around 15 TWh (+7%) on 2022 estimates. The Group expects to reach 100% of fixed price sales covered through own generation and long-term Power Purchase Agreements (“**PPAs**”), out of which around 90% expected to be covered by carbon-free sources (versus around 70% expected for 2022), further securing the evolution of Group margins.

This will allow the Group to implement a long-term, stable and visible commercial strategy, therefore reducing short-term risks associated with external volatility and fostering the switch of Group customers to clean electricity from fossil-fueled energy.

Towards this aim, the Group, leveraging on the long-term contract relationship with its customers, expects to accelerate in the next three years the roll-out of value-added services and next-generation infrastructure, more specifically:

- electric vehicle charging points (from around 0.5 million estimated in 2022 to approximately 1.4 million in 2025);
- behind-the-meter storage (from about 99 MW estimated in 2022 to around 352 MW in 2025);
- demand response (from around 8.4 GW estimated in 2022 to approximately 12.4 GW in 2025).

The Group’s commercial strategy is expected to allow its clients to benefit from a reduction of around 20% in overall household energy spending alongside improved service quality.

II. Decarbonisation to ensure competitiveness, sustainability and security

By 2025, the Group expects to add around 21 GW of installed renewable capacity mainly through solar capacity (52%), wind capacity (27%) and BESS (18%), well on track to reach its decarbonization targets in line with the Paris Agreement. Out of the 21 GW:

- 9 GW are expected to be developed in Europe to increase sales coverage;
- 10 GW in US and Latam, backed by long term PPAs; and

- 2 GW will be developed into promising markets through the stewardship business model.

The decarbonization strategy allows the Group to confirm once again its commitment towards zero emissions by 2040. In detail:

- with reference to the reduction of direct greenhouse gas emissions (Scope 1), they are expected to be 233 gCO₂e/kWh in 2022E, 130 gCO₂e/kWh in 2025 and 82 gCO₂e/kWh in 2030 (zero in 2040);
- Integrated Power greenhouse gas emissions (Scope 1 & 3) are expected to be 220 gCO₂e/kWh in 2022E, 135 gCO₂e/kWh in 2025 and 84 gCO₂e/kWh in 2030 (zero in 2040);
- Gas retail greenhouse gas emissions (Scope 3) are expected to be 24.1 MtCO₂ in 2022E, 20.9 MtCO₂ in 2025 and 11.4 MtCO₂ in 2030 (zero in 2040).

In addition, although the trajectory identified for scope 1 emissions has already been certified by the Science Based Target initiative as consistent with the 1.5°C scenario, the Group has submitted to the SBTi targets covering 100% of its GHG emissions (scope 1, 2 and 3), which are expected to be certified as 1.5°C compliant by the end of 2022.

III. Reinforce, grow and digitize networks to enable the transition

The Group's grid strategy covers five of its six core countries, namely Italy, Spain, Brazil, Chile and Colombia, where it has an integrated position and where its unique expertise in digital evolution can be best deployed, mainly focusing on large metropolitan areas.

The intensity of Group investments per customer in the grid segment is expected to increase by around 30% on average in 2023-2025 (about 80 euro per clients) vis-à-vis 2020-2022 estimates (about 60 euro per clients). The drivers of this growth are:

- the need to improve quality and resiliency in order to better manage the increase in load and to cope with climate-related events;
- the ongoing digitalization of Group assets to improve efficiency and reduce network interruptions, resulting in a System Average Interruption Duration Index (SAIDI) of around 150 minutes in 2025 (-35% versus 2022 estimates);
- digitalized grid customers are expected to increase to around 80% in 2025 (+20 percentage points on 2022 estimates);
- the increase in connections accommodating the future uptake of distributed energy resources and expanding urban networks.

IV. Streamline portfolio of businesses and geographies

In 2023-2025 the Group foresees a streamlining of its structure, by exiting some businesses and geographies no longer aligned with its strategy. The Group also expects to continue to leverage on its Stewardship model in non-core countries. In addition, and in line with the aim to exit carbon-intensive activities, the Group plans to leverage on the current market environment to initiate the exit from gas assets. This overall divestment program is an integral component of the plan to reshape the Group, maximizing shareholder value.

The cornerstone year of the Group's long-term streamlining strategy is expected to be 2023. Specifically:

- activities in Europe are set to center around Italy and Spain, with the sale of Romanian assets;
- in Latin America, the Group expects to exit from Peru and Argentina;
- some geographies, such as Australia and Greece, are expected to be added to the Stewardship perimeter;
- the value of gas portfolio in Spain is expected to be crystallized;
- the assets in Ceará are expected to be sold in order to increase the focus on distribution networks in megacities (Rio and São Paulo);

- the value of other minor renewable assets not linked to downstream sizeable customer bases will also be crystallized.

By the end of the Plan period, the Group expects to be more agile, focusing on its core countries, with an expected reduction in minority leakage and a significant improvement in credit metrics. By 2025, the Group expects to manage a total of around 75 GW of renewable capacity (including 4 GW of battery energy storage systems - BESS) versus 59 GW estimated in 2022, approximately 79% of total generation (versus 67% expected in 2022), with emission-free production reaching around 83% compared to 68% expected for 2022.

Investing in the Group’s Integrated Strategy

The Group’s investments in 2023-2025 amount to approximately 37 billion euros and are mainly concentrated in the six core countries.

Approximately 60% of Group investments, namely around 50% in generation and about 10% in customers as well as advanced energy services, are expected to support the Group’s integrated commercial strategy. Grids are expected to account for around 40% of investments in the Strategic Plan period.

Approximately 94% of the Group’s 2023-2025 total capex are aligned with the UN Sustainable Development Goals (“SDGs”), directly targeting SDGs 7 (“Affordable and Clean Energy”), 9 (“Industry, Innovation and Infrastructure”) and 11 (“Sustainable Cities and Communities”), all contributing to SDG 13 (“Climate Action”). Additionally, more than 80% of Group investments are expected to be aligned with EU Taxonomy criteria, due to their substantial contribution to climate change mitigation.

Power generation and retail

In 2023-2025, the Group plans to invest approximately 22 billion euros in the integrated commercial strategy.

From a geographical perspective, almost 90% of this capex is expected to be allocated in Italy (37%), Spain (27%) and the United States (23%), where the Group can harness sustainable electrification trends, also taking into account the countries’ supportive regulatory environments. The remaining 13% will be invested in Latin America countries.

Specifically, the Group expects to accelerate the deployment of renewables:

- in Italy and Spain, to enable longer duration fixed-price contracts, substituting the Group’s thermal assets with sustainable technologies unaffected by commodity volatility;
- in the United States and Latin America, to benefit from the long-term PPAs, which offer high visibility on returns

Grids

In 2023-2025, the Group plans to invest approximately 15 billion euros in grids, mainly targeting Europe (over 80% of investments) in light of the Group’s re-balanced geographical presence, favourable regulatory environments and in order to enhance the grids’ role as enablers of the energy transition. In particular, out of the around 15 billion euros, 65% will be invested in Italy, 18% in Spain and the remaining portion in Latin America countries.

Stewardship business model

The Group is also continuing to implement its “Stewardship” business model, with the aim to seize further potential opportunities in non-core countries to maximize value creation globally.

Investments amounting to a total of approximately 15 billion euros are planned to be mobilized under the Stewardship business model by the Group and third parties, out of which:

- around 1.3 billion euros in direct Group investments in assets to be eventually disposed of to joint ventures;
- approximately 1.1 billion euros in Group equity injections in joint ventures;
- the rest invested by third parties.

These resources are set to be instrumental in adding further renewable production, new infrastructure and services to accelerate the electrification process of Group customers.

THE NEW ORGANISATIONAL STRUCTURE OF THE ENEL GROUP

The organisational structure of the ENEL Group was modified on 8 April 2016, partly in relation to the integration of Enel Green Power. More specifically, the main organisational changes included:

- the reorganisation of the ENEL Group’s geographical presence, with a focus on the countries that represent new business opportunities around the world and in which the Group’s presence was established through Enel Green Power. The ENEL Group has therefore shifted from a matrix of four geographical areas to one with six such areas. The structure retains the country “Italy” and the areas “Iberia” and “Latin America”, while the Eastern Europe area has been expanded into the “Europe and North Africa” area. Two new geographical areas have also been created: “North and Central America” and “Sub-Saharan Africa and Asia”. In these six areas, the ENEL Group will continue to maintain a presence and integrate businesses at the local level, seeking to foster the development of all segments of the value chain. At the geographical level, in countries in which the ENEL Group operates in both the conventional and renewable generation businesses, the position of Country Manager will be unified;
- the convergence of the entire hydroelectric business within the Renewable Energy division;
- the integrated management of the dispatching of all renewable and thermal generation plants by Energy Management at a country level in accordance with the guidelines established by the Global Trading division.

On 28 April 2017, the ENEL Group adopted a new organisational structure, introducing a new Global Business Line, called “Enel X”. It is intended to foster greater customer focus and digitisation as accelerators of value within the 2020-2022 Strategic Plan.

In 2019, Global Power Generation was created with the merger of Enel Green Power and Global Thermal Generation to confirm the ENEL Group’s leading role in the energy transition, pursuing an integrated process of decarbonisation and the sustainable development of renewable capacity. In addition, the Grid Blue Sky project was launched. Its objective is to innovate and digitalise infrastructures and networks in order to make them an enabling factor for the achievement of the climate action objectives, thanks to the progressive transformation of ENEL into a platform-based group. The Group’s geographical organisation in the Americas was revised with the creation of the North America Region, which includes Mexico, and the integration of Costa Rica, Guatemala and Panama into the Latin America Region.

In 2021 the Global Power Generation Business Line, created from the merger of Enel Green Power and Global Thermal Generation, was renamed Enel Green Power and Thermal Generation. This Business Line is responsible for the integrated management of the growth of renewables generation capacity, the decarbonisation process and managing storage assets, thus confirming the Enel Group’s leadership role in the energy transition. In 2021, the Enel X Global Retail Business Line was formed. It is specifically involved in managing energy and beyond-commodity services, as well as expanding the customer base while maximizing value for customers. Furthermore, it has the task of innovating and developing the services offered, managing the entire life cycle from conception to technological development, testing, marketing, sales, operations and after-sales activities. The Global e-Mobility Business Line was also

established in 2021. It is responsible for managing the portfolio of e-Mobility solutions in both existing and new countries, maximizing value for customers, also leveraging Enel X Global Retail for sales activities. It is also involved in innovating and developing e-Mobility solutions, managing the entire life cycle, from conception to technological development, testing and marketing in step with the rest of the retail product line. In addition, the Grid Blue Sky project is being implemented. Its objective is to innovate and digitalize infrastructures and networks in order to make them an enabling factor for the achievement of the “Climate Action” objectives, thanks to the progressive transformation of Enel into a platform-based Group.

During the 1st Half of 2021, a new service function called Global Customer Operations was introduced. Its activities are focused on managing customer activation, invoicing, credit management, customer assistance and the related support processes at the Group level. It is also responsible for:

- defining and implementing the strategy of global actions regarding customers, increasing customer satisfaction and value and at the same time optimizing service costs and related cash flows;
- managing customer operational processes, maximizing operational excellence and customer focus and exploiting technology;
- developing and innovating operating models and solutions for managing the customer’s life cycle, maximizing adaptability to internal and external change through market leadership that innovates on the basis of specific data analyses.

More specifically, the new ENEL Group structure is organised, in the same way as the previous structure into a matrix that comprises:

- *Global Business Line* (Global Infrastructure and Networks, Global Energy and Commodity Management, Enel Green Power and Thermal Generation, Enel X Global Retail, Global e-Mobility), which are responsible for managing and developing assets, optimising their performance and the return on capital employed in the various geographical areas in which the Group operates. In addition, in compliance with safety, protection and environmental policies and regulations, they are tasked with maximizing the efficiency of the processes they manage and applying best international practices, sharing responsibility for EBITDA, cash flows and revenue with the countries. The Group, which also draws on the work of an Investment Committee¹, benefits from a centralised industrial vision of projects in the various business lines. Each project is assessed not only on the basis of its financial return but also in relation to the best technologies available at the Group level, which reflect the new strategic line adopted, explicitly integrating the SDGs within the Group’s financial strategy and promoting a low-carbon business model. Furthermore, each business line contributes to guiding ENEL’s leadership in the energy transition and in the fight against climate change, managing the associated risks and opportunities in its area of competence.
- *Regions and Countries* (Italy, Iberia, Latin America, Europe, North America, Africa, Asia and Oceania), which are responsible for managing relationships with institutional bodies and regulatory authorities, as well as selling electricity and gas, in each of the countries in which the Group is present, while also providing staff and other service support to the business lines. They are also charged with promoting decarbonisation and guiding the energy transition towards a low-carbon business model within their areas of responsibility.

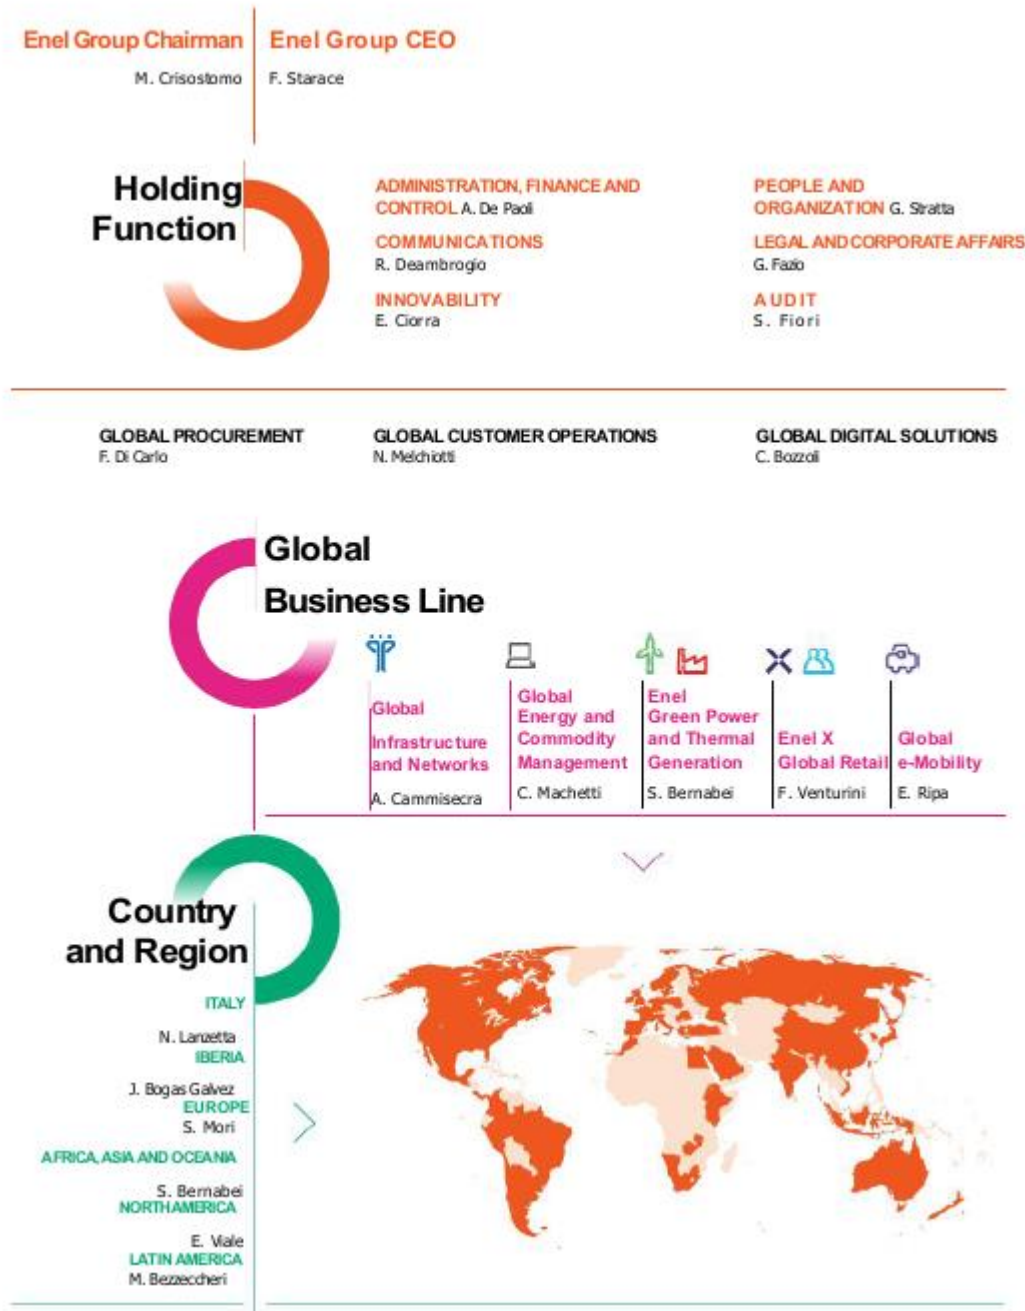

The following functions provide support to ENEL Group’s business operations:

- *Global service functions* (Procurement and ICT), which are responsible for managing information and communication technology activities and procurement at the Group level. The Global Service Functions are also focused on the responsible adoption of measures that allow the achievement of sustainable development objectives, in the specific in managing the supply chain and developing

digital solutions to support the development of enabling technologies for the energy transition and the fight against climate change.

- *Holding company functions* (Administration, Finance and Control, Human Resources and Organisation, Communication, Legal and Corporate Affairs, Audit, European Union Affairs, and Innovation and Sustainability), which are responsible for managing governance processes at Group level. The Administration, Finance and Control function is also responsible for consolidating scenario analysis and managing the strategic and financial planning process aimed at promoting the decarbonisation of the energy mix and the electrification of energy demand, key actions in the fight against climate change.

The representation of performance by business area presented here is based on the approach used by management in monitoring Group performance for the two periods under review, taking account of the

operational model adopted by the Group as described above.

With regard to disclosures for operating segments, beginning with the close of the accounts at 30 September 2019, the ENEL Group has changed its primary and secondary reporting segments in accordance with the provisions of IFRS 8. Specifically, bearing in mind that in 2019 management began to report performance by business area, the Group has therefore adopted the following reporting sectors:

- primary segment: business line; and
- secondary segment: geographical area.

The business line is therefore the main discriminant in the analyzes performed and decisions taken by the management of the ENEL Group, and is fully consistent with the internal reporting prepared for these purposes since the results are measured and evaluated first and foremost for each business area and only thereafter are they broken down by geographical area.

In order to ensure full comparability of the figures commented here in the light of the new breakdown of the primary and secondary reporting sectors for IFRS 8 disclosure purposes, the 2018 results by operating segments presented as comparatives to the 2019 results by operating segments included in the consolidated financial statements for the year ended 31 December 2019 have been restated with respect to the 2018 results by operating segments originally presented in the consolidated financial statements for the year ended 31 December 2018. The organisation continues to be based on matrix of business lines (Thermal Generation and Trading, Enel Green Power, Infrastructure and Networks, End-user Markets, Enel X, Services and Holding/Other) and geographical areas (Italy, Iberia, Europe, Latin America, North America, Africa, Asia and Oceania, Central/Holding). It should be noted that with effect from September 2019, the Latin America area connected with the Enel Green Power business line also includes the countries Panama, Costa Rica, Guatemala, El Salvador and Nicaragua, which had previously been reported in the North and Central America geographical area (now renamed North America and consisting of the following countries: United States, Canada and Mexico).

In 2020, in order to improve the presentation of the performance of the various Business Lines, as from March 31, 2020 the data pertaining to large customers managed by the generation companies in South America and Mexico have been reallocated to the End-user Markets Business Line. Consequently, in order to ensure full comparability of the figures for the two years under review, the comparative figures for 2019 have been adjusted appropriately.

The following chart outlines these organisational arrangements:

TAXATION

The statements herein regarding taxation are based on the laws in force as at the date of this Information Memorandum and are subject to any changes in law occurring after such date, which changes could be made on a retroactive basis. Neither the Issuer nor the Guarantor will update this summary to reflect changes in laws and if such a change occurs the information in this summary could become invalid.

This summary assumes that ENEL and ENEL N.V. are resident for tax purposes in the Republic of Italy and in The Netherlands, respectively, are structured and conduct their business in the manner outlined in this Information Memorandum. Changes in the Issuer's and/or the Guarantor's organisational structure, tax residence or the manner in which each of them conducts its business may invalidate this summary. This summary also assumes that each transaction with respect to the Notes is at arm's length.

The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to subscribe for, purchase, own or dispose of the Notes and does not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as dealers in securities or commodities) may be subject to special rules.

Prospective purchasers of the Notes are advised to consult their own tax advisers concerning the overall tax consequences under the tax laws of the country in which they are resident for tax purposes and of any other potentially relevant jurisdiction of acquiring, holding and disposing of the Notes and receiving payments of interest, principal and/or other amounts under the Notes, including in particular the effect of any state, regional or local tax laws.

1. The Netherlands

Scope of Discussion

The following is a general summary of certain material Dutch tax consequences of the acquisition, holding and disposal of the Notes. This summary does not purport to describe all possible tax considerations or consequences that may be relevant to a holder or prospective holder of Notes and does not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as trusts or similar arrangements) may be subject to special rules. In view of its general nature, this general summary should be treated with corresponding caution.

This summary is based on the tax laws of The Netherlands, published regulations thereunder and published authoritative case law, all as in effect on the date of this Information Memorandum, and all of which are subject to change or to different interpretation, possibly with retroactive effect. Where the summary refers to "The Netherlands" it refers only to the part of the Kingdom of the Netherlands located in Europe.

This discussion is for general information purposes only and is not tax advice or a complete description of all tax consequences relating to the acquisition, holding and disposal of the Notes. Holders or prospective holders of Notes should consult their own tax advisors regarding the tax consequences relating to the acquisition, holding and disposal of the Notes in light of their particular circumstances.

Withholding tax

All payments made by or on behalf of the Issuer under the Notes may be made free of withholding or deduction of, for or on account of any taxes of whatever nature imposed, levied, withheld or assessed by The Netherlands or any political subdivision or taxing authority thereof or therein, except that Dutch withholding tax at a rate of 25.8% (rate for 2023) may apply with respect to payments of interest made or deemed to be made by or on behalf of the Issuer, if the interest payments are made or deemed to be made to an entity related to the Issuer (within the meaning of the Dutch Withholding Tax Act 2021; *Wet bronbelasting 2021*) (see below), if such related entity:

- (i) is considered to be resident (*gevestigd*) in a jurisdiction that is listed in the yearly updated Dutch Regulation on low-taxing states and non-cooperative jurisdictions for tax purposes (*Regeling laagbelastende staten en niet-coöperatieve rechtsgebieden voor belastingdoeleinden*) (a “Listed Jurisdiction”); or
- (ii) has a permanent establishment located in a Listed Jurisdiction to which the interest payment is attributable; or
- (iii) is entitled to the interest payment for the main purpose or one of the main purposes to avoid taxation for another person or entity and there is an artificial arrangement or transaction or a series of artificial arrangements or transactions; or
- (iv) is not considered to be the recipient of the interest in its jurisdiction of residence because such jurisdiction treats another entity as the recipient of the interest (a hybrid mismatch); or
- (v) is not resident in any jurisdiction (also a hybrid mismatch); or
- (vi) is a reverse hybrid (within the meaning of Article 2(12) of the Dutch Corporate Income Tax Act; *Wet op de vennootschapsbelasting 1969*), if and to the extent (x) there is a participant in the reverse hybrid holding a Qualifying Interest in the reverse hybrid, (y) the jurisdiction of residence of the participant holding the Qualifying Interest in the reverse hybrid treats the reverse hybrid as transparent for tax purposes and (z) such participant would have been subject to Dutch withholding tax in respect of the payments of interest without the interposition of the reverse hybrid,

all within the meaning of the Dutch Withholding Tax Act 2021.

Related entity

For purposes of the Dutch Withholding Tax Act 2021, an entity is considered an entity related to the Issuer if:

- (i) such entity has a Qualifying Interest (as defined below) in the Issuer;
- (ii) the Issuer has a Qualifying Interest in such entity; or
- (iii) a third party has a Qualifying Interest in both the Issuer and such entity.

The term "Qualifying Interest" means a direct or indirectly held interest – either by an entity individually or jointly if an entity is part of a collaborating group (*samenwerkende groep*) – that enables such entity or such collaborating group to exercise a definite influence over another entity's decisions and allows it to determine the other entity's activities (within the meaning of case law of the European Court of Justice on the right of freedom of establishment (*vrijheid van vestiging*)).

Taxes on income and capital gains

Please note that the summary in this section does not describe the Dutch tax consequences for:

- (i) holders of Notes if such holders, and in the case of individuals, such holder's partner or certain of their relatives by blood or marriage in the direct line (including foster children), have a substantial interest (*aanmerkelijk belang*) or deemed substantial interest (*fictief aanmerkelijk belang*) in ENEL N.V. under The Dutch Income Tax Act 2001 (*Wet inkomstenbelasting 2001*). Generally speaking, a holder of securities in a company is

considered to hold a substantial interest in such company, if such holder alone or, in the case of individuals, together with such holder's partner (as defined in The Dutch Income Tax Act 2001), directly or indirectly, holds (i) an interest of 5% or more of the total issued and outstanding capital of that company or 5% or more of the issued and outstanding capital of a certain class of shares of that company; or (ii) rights to acquire, directly or indirectly, such interest; or (iii) certain profit sharing rights in that company that relate to 5% or more of the company's annual profits and/or to 5% or more of the company's liquidation proceeds. A deemed substantial interest may arise if a substantial interest (or part thereof) in a company has been disposed of, or is deemed to have been disposed of, on a non-recognition basis;

- (ii) pension funds, investment institutions (*fiscale beleggingsinstellingen*), exempt investment institutions (*vrijgestelde beleggingsinstellingen*) (as defined in The Dutch Corporate Income Tax Act 1969; *Wet op de vennootschapsbelasting 1969*) and other entities that are, in whole or in part, not subject to or exempt from Dutch corporate income tax; and
- (iii) holders of Notes who are individuals for whom the Notes or any benefit derived from the Notes are a remuneration or deemed to be a remuneration for activities performed by such holders or certain individuals related to such holders (as defined in The Dutch Income Tax Act 2001).

Netherlands Resident Entities

Generally, if the holder of Notes is an entity resident or deemed to be resident of The Netherlands for Dutch corporate income tax purposes (a "**Dutch Resident Entity**"), any income derived or deemed to be derived from the Notes or any capital gains realized on the disposal or deemed disposal of the Notes is subject to Dutch corporate income tax at a rate of 19% with respect to taxable profits up to €200,000 and 25.8% with respect to taxable profits in excess of that amount (rates and brackets for 2023).

Netherlands Resident Individuals

If the holder of Notes is an individual, resident or deemed to be resident of The Netherlands for Dutch income tax purposes (a "**Dutch Resident Individual**"), any income derived or deemed to be derived from the Notes or any capital gains realized on the disposal or deemed disposal of the Notes is subject to Dutch income tax at the progressive rates (with a maximum of 49.50% in 2023), if:

- (i) the Notes are attributable to an enterprise from which the holder of Notes derives a share of the profit, whether as an entrepreneur (*ondernemer*) or as a person who has a co entitlement to the net worth (*medegerechtigd tot het vermogen*) of such enterprise without being a shareholder (as defined in The Dutch Income Tax Act 2001); or
- (ii) the holder of Notes is considered to perform activities with respect to the Notes that go beyond ordinary asset management (*normaal, actief vermogensbeheer*) or otherwise derives benefits from the Notes that are taxable as benefits from miscellaneous activities (*resultaat uit overige werkzaamheden*).

If the above-mentioned conditions (i) and (ii) do not apply to the Dutch Resident Individual, the Notes held by such Dutch Resident Individual will be taxed under the regime for savings and investments (*inkomen uit sparen en beleggen*). Irrespective of the actual income or capital gains realised, the annual taxable benefit of all the assets and liabilities of a Dutch Resident Individual that are taxed under this regime, including the Notes, is set at a deemed return insofar as the yield basis (*rendementsgrondslag*) exceeds a EUR 57,000 threshold (*heffingvrij vermogen*). Such yield basis is determined as the fair market value of certain qualifying assets held by the holder of the Notes, less the fair market value of certain qualifying liabilities at the beginning of the calendar year. The fair market value of the Notes

will be included as an asset in the holder's yield basis and will be classified as other investments. The deemed return on this yield basis is calculated on the basis of a weighted average of the different classes of qualifying assets each with their own estimated deemed returns. The deemed returns for 2023 are set at 0.36% for savings, at 6.17% for other investments (such as the Notes) and at 2.57% for liabilities. The deemed return for savings and liabilities will be definitively set after the end of the calendar year to determine the best possible approximation of returns actually realised in the market in that calendar year. The deemed return for other investments (such as the Notes) is already definitely set. If the deemed return is negative, then the deemed return is set to nil. The deemed return on the Dutch Resident Individual's yield basis is taxed at a rate of 32% (rate for 2023).

Non-residents of The Netherlands

A holder of Notes that is neither a Dutch Resident Entity nor a Dutch Resident Individual will not be subject to Dutch (corporate) income tax in respect of income derived or deemed to be derived from the Notes or in respect of any capital gains realized on the disposal or deemed disposal of the Notes, provided that:

- (i) such holder does not have an interest in an enterprise or deemed enterprise (as defined in The Dutch Income Tax Act 2001 and The Dutch Corporate Income Tax Act 1969) which, in whole or in part, is either effectively managed in The Netherlands or carried on through a permanent establishment, a deemed permanent establishment or a permanent representative in The Netherlands and to which enterprise or part of an enterprise the Notes are attributable; and
- (ii) in the event the holder is an individual, such holder does not carry out any activities in The Netherlands with respect to the Notes that go beyond ordinary asset management and does not otherwise derive benefits from the Notes that are taxable as benefits from miscellaneous activities in The Netherlands.

Gift and inheritance taxes

Residents of The Netherlands

Gift or inheritance taxes will arise in The Netherlands with respect to a transfer of the Notes by way of a gift by, or on the death of, a holder of such Notes who is resident or deemed resident of The Netherlands at the time of the gift or his or her death.

Non-residents of The Netherlands

No gift or inheritance taxes will arise in The Netherlands with respect to a transfer of the Notes by way of gift by, or on the death of, a holder of Notes who is neither resident nor deemed to be resident of The Netherlands, unless:

- (i) in the case of a gift of a Note by an individual who at the date of the gift was neither resident nor deemed to be resident of The Netherlands, such individual dies within 180 days after the date of the gift, while being resident or deemed to be resident of The Netherlands;
- (ii) in the case of a gift of a Note is made under a condition precedent, the holder of Notes is resident or is deemed to be resident of the Netherlands at the time the condition is fulfilled; or
- (iii) the transfer is otherwise construed as a gift or inheritance made by, or on behalf of, a person who, at the time of the gift or death, is or is deemed to be resident of The Netherlands.

For purposes of Dutch gift and inheritance taxes, amongst others, a person that holds the Dutch nationality will be deemed to be resident of The Netherlands if such person has been resident in the Netherlands at any time during the ten years preceding the date of the gift or his or her death. Additionally, for purposes of Dutch gift tax, amongst others, a person not holding the Dutch nationality will be deemed to be resident of The Netherlands if such person has been resident in the Netherlands at any time during the twelve months preceding the date of the gift. Applicable tax

treaties may override deemed residency.

Value added tax (“VAT”)

No Dutch VAT will be payable by a holder of Notes on (i) any payment in consideration for the acquisition of the Notes or (ii) the payment of interest or principal by the Issuer under the Notes or (iii) the disposal of the Notes.

Other taxes and duties

No Dutch registration tax, stamp duty or any other similar documentary tax or duty will be payable by a holder of Notes in respect of (i) the acquisition of the Notes or (ii) the payment of interest or principal by the Issuer under the Notes or (iii) the disposal of the Notes.

No Residency

A holder of Notes will not become, and will not be deemed to be, resident of The Netherlands for Dutch tax purposes by reason only of holding the Notes.

2. Republic of Italy

The following is a general summary of certain Italian tax consequences of acquiring, holding and disposing of Notes.

It does not purport to be a complete analysis of all considerations that may be relevant to the decision to subscribe for purchase, own or dispose of Notes and does not purport to deal with the tax consequences applicable to all categories of prospective beneficial owners of Notes, some of which may be subject to special rules.

This summary is based upon tax laws and practice of Italy in effect on the date of this Information Memorandum which are subject to change potentially retroactively.

Prospective Noteholders should consult their tax advisers as to the consequences under Italian tax law, under the tax laws of the country in which they are resident for tax purposes and of any other potentially relevant jurisdiction of acquiring, holding and disposing of the Notes and receiving payments of interest, principal and/or other amounts under the Notes, including in particular the effect of any state, regional or local tax laws.

(a) Italian Tax Treatment of the Notes – General

Italian Legislative Decree No. 239 of April 1996, as amended and supplemented (“**Decree No. 239**”) regulates the tax treatment of interest, premiums and other income (including the difference between the redemption amount and the issue price) (hereinafter collectively referred to as “**Interest**”) deriving from notes falling within the category of bonds (*obbligazioni*) and debentures similar to bonds (*titoli similari alle obbligazioni*), issued, *inter alia*, by non-Italian resident issuers.

For these purposes, pursuant to Article 44 of Presidential Decree No. 917 of 22 December 1986, as amended and supplemented (“**Decree No. 917**”), bonds and debentures similar to bonds are securities that (i) incorporate an unconditional obligation to pay, at maturity, an amount not lower than their nominal value or principal amount and (ii) do not grant to the relevant holders any right to directly or indirectly participate to the management of the issuer or of the business in relation to which they are issued or to control the same management.

Notes that do not qualify as bonds or debentures similar to bonds are characterized for Italian tax purposes as “atypical securities” and as such regulated by Law Decree No. 512 of 30 September 1983.

(b) Italian Resident Noteholders

Pursuant to Decree No. 239, payments of Interest relating to Notes issued by the Issuer that fall within

the definitions set out above are subject to a tax, referred to as *imposta sostitutiva*, levied at the rate of 26 per cent. (either when Interest is received or when payment thereof is obtained by the holder upon disposal of the notes) where an Italian-resident holder of Notes is the beneficial owner of such Notes, and is (a) an individual holding Notes not in connection with an entrepreneurial activity; or (b) a partnership (other than a “*società in nome collettivo*” or “*società in accomandita semplice*” or similar partnership) or a *de facto* partnership not carrying out commercial activities or professional associations; or (c) a private or public institution, or trusts not carrying out mainly or exclusively commercial activities, the Italian State and public and territorial entities; or (d) an investor exempt from Italian corporate income taxation. All the above categories are usually referred as “net recipients” (unless the resident holders of the Notes described under clauses (a), (b) and (c) above have entrusted the management of their financial assets, including the Notes, to an authorised intermediary and have opted for the asset management regime (“*regime del risparmio gestito*”) – see “*Taxation of capital gains – Italian resident Noteholders*”.

Where the resident holders of the Notes described under clauses (a) and (c) above are engaged in an entrepreneurial activity to which the Notes are connected, *imposta sostitutiva* applies and is levied as a provisional tax; Interest deriving from the Notes is included in the relevant beneficial owner’s Italian income tax return and is subject to Italian ordinary income taxation and the *imposta sostitutiva* suffered may be deducted from the Italian income tax due.

Subject to certain limitations and requirements (including a minimum holding period), Italian resident individuals holding the Notes not in connection with an entrepreneurial activity may be exempt from any income taxation, including the 26 per cent. *imposta sostitutiva*, if such Notes are included in a long-term savings account (*piano individuale di risparmio a lungo termine*) pursuant to Article 1, paragraphs 100 – 114, of Law No. 232 of 11 December 2016 (**Law No. 232**) as subsequently amended and restated from time to time and, for long-term savings account established from 1 January 2020 pursuant to Article 13-*bis* of Decree No. 124 of 26 October 2019 converted into Law with amendments by Law No. 157 of 19 December 2019, as applicable from time to time (“**Decree No. 124**”) as subsequently amended and restated from time to time.

Pursuant to Decree No. 239, the 26 per cent. *imposta sostitutiva* is applied (i) by banks, *società di intermediazione mobiliare* (“**SIMs**”), fiduciary companies, *società di gestione del risparmio*, stockbrokers and other qualified entities, identified by a Ministerial Decrees, who are resident in Italy (the “**Intermediaries**” and each an “**Intermediary**”), (ii) by permanent establishments in Italy of foreign banks, or intermediaries (iii) or by entities not resident in Italy acting through a system of centralized administration of securities and directly connected with the Department of Revenue of the Ministry of finance (including *Euroclear* and *Clearstream*) having appointed an Italian representative for the purposes of Decree No. 239, who are required to act in connection with the collection of Interest or in the transfer or disposal of Notes, including in their capacity as transferees. For the purpose of the application of the *imposta sostitutiva*, a transfer of notes includes any assignment or other act, either with or without consideration, which results in a change of the ownership of the relevant notes or in a change of the intermediary with which the notes are deposited.

Where the Notes are not deposited with the above-mentioned intermediaries, the *imposta sostitutiva* is applied and withheld by intermediary paying interests to any Noteholder.

Payments of Interest in respect of Notes issued by the Issuer that fall within the definitions set out above in “*Italian Tax Treatment of the Notes – General*” are not subjected to the 26 per cent. *imposta sostitutiva* if made to beneficial owners who are:

- Italian resident corporations or permanent establishments in Italy of foreign corporations to which the Notes are effectively connected;
- Italian resident partnerships carrying out commercial activities (“*società in nome collettivo*” or “*società in accomandita semplice*”);

- Italian resident open-ended or closed-ended collective investment funds (“**Fund**”), investment companies with variable capital (“**SICAVs**”), or investment companies with fixed capital (“**SICAFs**”) established in Italy and not mainly investing in real estate assets;
- Italian resident real estate investment funds established pursuant to Article 37 of Legislative Decree No. 58 of 24 February 1998 and Article 14-bis of Law No. 86 of 25 January 1994, or in any case subject to the tax treatment provided for by Law Decree No. 351 of 25 September 2001, converted into law with amendments by Law No. 410 of 23 November 2001 (“**Decree No. 351**”) (“**Real Estate Investment Funds**”), or Italian SICAFs mainly investing in real estate assets governed by Legislative Decree No. 44 of 4 March 2014;
- Italian resident pension funds referred to in Legislative Decree No. 252 of 5 December 2005 (“**Pension Funds**”);
- Italian resident individuals holding the Notes not in connection with entrepreneurial activity who have entrusted the management of their financial assets, including the Notes, to an authorised financial Intermediary and have opted for the asset management regime (“*regime del risparmio gestito*”).

Such categories are usually referred as “gross recipients”. To ensure payment of Interest in respect of the Notes without the application of the 26 per cent. *imposta sostitutiva*, gross recipients indicated above must (i) be the beneficial owners of payments of Interest on the Notes; and (ii) timely deposit the Notes together with the coupons relating to such Notes in due time directly or indirectly with an Italian authorised Intermediary (or permanent establishment in Italy of a foreign Intermediary). Where the Notes and the relevant coupons are not deposited with an Italian authorised Intermediary (or permanent establishment in Italy of foreign Intermediary), *imposta sostitutiva* is applied and withheld by any Italian bank or any Italian intermediary paying interest to the Noteholder.

Where an Italian resident Noteholder is a corporation, a similar commercial entity (i.e. partnerships carrying out commercial activities) or a permanent establishment in Italy of foreign corporations to which the Notes are effectively connected and the Notes are deposited with an authorised intermediary, interests from the Notes will not be subject to *imposta sostitutiva*. Interest accrued on the Notes would be included in the relevant Noteholder’s tax return and are therefore subject to corporate income tax – IRES (and in certain circumstances, depending on the “status” of the Noteholder, also in the taxable income for purposes of regional tax on productive activities – IRAP).

If the investors are Italian resident Funds, SICAVs, or Italian non-real estate SICAFs and either (i) Funds, SICAVs, or Italian non-real estate SICAFs or (ii) its manager are subject to supervision of a regulatory authority and the Notes are timely deposited with an authorised intermediary, Interest accrued during the holding period on such Notes will not be subject to *imposta sostitutiva*, but must be included in the management results of the Funds, SICAVs and Italian non-real estate SICAFs. The Funds, SICAVs and Italian non-real estate SICAFs will not be subject to income tax on such result, but a withholding tax of 26 per cent. will apply, in certain circumstances, by the above entities on proceeds distributed in favour of their unitholders or shareholders also upon redemption or disposal of the units or shares.

Where a holder of the Notes is a Real Estate Investment Fund or Italian real estate SICAF, provided that the Notes are timely deposited with an authorised intermediary, Interest accrued on the Notes will be subject neither to *imposta sostitutiva* nor to any other income tax in the hands of the Real Estate Investment Fund or Italian real estate SICAF. However, a withholding or substitute tax of 26 per cent. will apply, in certain circumstances, on proceeds distributed in favour of their unitholders or shareholders also upon redemption or disposal of the units or shares. Moreover, subject to certain conditions, income realized by such Real Estate Investment Fund or Italian real estate SICAF is attributed pro rata to the Italian resident unitholders irrespective of any actual distribution on a tax transparency basis.

Where a holder of the Notes is a Pension Fund and the Notes are timely deposited with an Italian resident intermediary, Interest relating to the Notes and accrued during the holding period will not be subject to *imposta sostitutiva*, but must be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to a 20 per cent. annual substitute tax (the “**Pension Fund Tax**”). Subject to certain conditions (including a minimum holding period) and limitations, Interest relating to the Notes may be excluded from the taxable base of the Pension Fund Tax pursuant to Article 1, paragraph 92, of Law No. 232 if the Notes are included in a long-term savings account (“*piano di risparmio a lungo termine*”) pursuant to Article 1, paragraphs 100 – 114, of Law No. 232 as subsequently amended and restated from time to time and, for long-term savings account established from 1 January 2020, pursuant to Article 13-bis of Decree No. 124 as subsequently amended and restated from time to time.

Italian resident individuals holding the Notes not in connection with entrepreneurial activity who have opted for the asset management regime (“*regime del risparmio gestito*”) are subject to a 26 per cent. annual substitute tax (the “**Asset Management Tax**”) on the increase in value of the managed assets accrued at the end of each tax year (which increase would include Interest accrued on the Notes). The Asset Management Tax is applied on behalf of the taxpayer by the managing authorised Intermediary.

(c) Non-Italian Resident Noteholders

Interest payments relating to the Notes received by certain non-Italian resident beneficial owners, without a permanent establishment in Italy to which the Notes are effectively connected, are not subject to taxation in Italy, provided that the Issuer is not resident in Italy. If the Notes are deposited with an Italian bank or other resident intermediary (or permanent establishment in Italy of foreign intermediary) or are sold through an Italian bank or other resident intermediary (or permanent establishment in Italy of foreign intermediary) or in any case an Italian resident intermediary (or permanent establishment in Italy of foreign intermediary) intervenes in the payment of interest and other income on such Notes, to ensure payment of interest and other income without application of Italian taxation a non-Italian resident Noteholder may be required to produce to the Italian bank or the relevant intermediary a self-declaration stating that the non-Italian resident beneficial owner of payments of interests on the Notes is not resident in Italy for tax purposes.

(d) Atypical securities

Interest relating to Notes that are not deemed to fall within the category of bonds (*obbligazioni*) or debentures similar to bonds (*titoli similari alle obbligazioni*) may be subject in general to a withholding tax, levied at the rate of 26 per cent.

The withholding tax is levied by any Italian resident entity which intervenes in the collection of payments on the Notes or in their repurchase or transfers. In case the payments on the Notes are not received through the aforementioned entities, Italian resident individual Noteholders are required to report such payments in their income tax return and subject them to a substitutive tax at the rate of 26 per cent.. Italian resident individual Noteholders may elect instead to pay ordinary income tax at the progressive rates applicable to them in respect of the payments; if so, the Italian resident individual Noteholders should generally benefit from a tax credit for any tax possible applied on the relevant income outside of Italy.

Subject to certain limitations and requirements (including a minimum holding period), Italian resident individuals not acting in connection with an entrepreneurial activity may be exempt from any income taxation, including any withholding tax on Interest relating to Notes qualifying as atypical securities (“*titoli atipici*”) under Article 5 of Law Decree No. 512 of 30 September 1983, if such Notes are included in a long-term individual savings account (“*piano individuale di risparmio a lungo termine*”) pursuant to Article 1, paragraphs 100 – 114, of Law No. 232 as subsequently amended and restated from time to time and, for long-term savings account established from 1 January 2020, pursuant to Article 13-bis of Decree No. 124 as subsequently amended and restated from time to time.

If the Notes are issued by non-Italian Issuer, the 26 per cent. withholding tax does not apply to payments

made to non-Italian resident Noteholders and to Italian resident Noteholders which are (i) companies or similar commercial entities, (ii) Italian permanent establishments of foreign entities, (iii) commercial partnerships or (iv) private or public institutions carrying out commercial activities.

(e) *Payments made by an Italian Resident Guarantor*

There is no authority directly regarding the Italian tax regime of payments made by an Italian resident guarantor under the Guarantee. Accordingly, there can be no assurance that the Italian tax authorities will not assert an alternative treatment of such payments than that set forth herein or that the Italian court would not support such an alternative treatment.

With respect to payments on the Notes made to certain Italian resident Noteholders by an Italian resident guarantor, in accordance with one interpretation of Italian tax law, any payment of liabilities equal to interest and other proceeds from the Notes may be treated, in certain circumstances, as a payment by the relevant Issuer and will thus be subject to the tax regime described in the previous paragraphs of this section.

In accordance with another interpretation, any such payment made by the Italian resident guarantor may be subject to a withholding tax at a rate of 26 per cent. levied as a final tax or a provisional tax depending on the “status” of the Noteholder, pursuant to Presidential Decree No. 600 of 29 September, 1973, as subsequently amended. In case of payments to non-Italian resident Noteholders, a final withholding tax may be applied at 26 per cent.. Double taxation treaties entered into by Italy may apply allowing for a lower (or, in certain cases, nil) rate applicable of the withholding tax, subject to compliance with relevant subjective and procedural requirements.

(f) *Taxation of capital gains - Italian resident Noteholders*

Pursuant to Italian Legislative Decree No. 461 of 21 November 1997, as amended (“**Decree No. 461**”), a 26 per cent. substitute tax (the “**Capital Gains Tax**”) applies in general to capital gains realised by:

- (i) Italian resident individuals not engaged in an entrepreneurial activity to which the Notes are connected;
- (ii) an Italian resident partnership not carrying out commercial activities;
- (iii) an Italian private or public institution not carrying out mainly or exclusively commercial activities,

on any sale or transfer for consideration of the Notes or redemption thereof.

In respect of the application of the Capital Gains Tax, taxpayer may opt for one of the three regimes described below.

Under the so called “tax declaration regime” (“*regime della dichiarazione*”), which is the default regime for Noteholders under (i) to (iii) above, Capital Gains Tax will be chargeable, on a cumulative basis, on all capital gains (net of any relevant incurred capital losses) realised by Italian resident individual not engaged in entrepreneurial activities pursuant to all investment transactions carried out during any given tax year. The capital gains realised in a year net of any relevant incurred capital losses must be detailed in the relevant annual tax return to be filed with the Italian tax authorities and Capital Gains Tax must be paid on such capital gains by Italian resident individuals together with any income tax due for the relevant tax year. Capital losses in excess of capital gains may be carried forward against capital gains of the same nature realised in any of the four succeeding tax years.

Alternatively to the tax declaration regime, the Noteholders under (i) to (iii) above, may elect for the administered savings regime (“*regime del risparmio amministrato*”) to pay Capital Gains Tax separately on capital gains realised on each sale or transfer or redemption of the Notes. Such separate taxation of capital gains is allowed subject to (a) the Notes being deposited with an Italian Intermediary

(or permanent establishment in Italy of a foreign intermediary); and (b) an express election for the administered savings regime (“*regime del risparmio amministrato*”) being made in writing in due time by the relevant holder of the Notes. The Intermediary is responsible for accounting for Capital Gains Tax in respect of capital gains realised on each sale or transfer or redemption of the Notes, (as well as on capital gains realised at revocation of its mandate), net of any relevant incurred capital losses, and is required to pay the relevant amount to the Italian tax authorities on behalf of the holder of the Notes, deducting a corresponding amount from proceeds to be credited to the holder of the Notes; where a sale or transfer or redemption of the Notes results in a capital loss, the Intermediary is entitled to deduct such loss from gains of the same kind subsequently realised on assets held by the holder of the Notes within the same relationship of deposit in the same tax year or in the following tax years up to the fourth. Under the *risparmio amministrato* regime, the realised capital gain is not required to be included in the annual income tax return of the Noteholder.

Pursuant to the asset management regime (“*regime del risparmio gestito*”), any capital gain realised by Noteholder under (i) to (iii) above who have entrusted the management of their financial assets, including the Notes, to an authorised intermediary and have opted for so called asset management regime will be included in the computation of the annual increase in value of the managed assets accrued even if not realised, at year end, subject to a 26 per cent Capital Gains Tax to be paid by the managing authorised intermediary. Any depreciation of the managed portfolio accrued at year end may be carried forward against appreciation accrued in each of the following years up to the fourth. Also under the asset management regime the realised capital gain is not required to be included in the annual income tax return of the Noteholder.

Subject to certain limitations and requirements (including a *minimum* holding period), capital gains in respect of Notes realised upon sale, transfer or redemption by Italian resident individuals holding the Notes not in connection with an entrepreneurial activity maybe exempt from any income taxation, including the *imposta sostitutiva*, if the Notes are included in a long-term savings account (“*piano di risparmio a lungo termine*”) pursuant to Article 1, paragraphs 100 – 114, of Law No. 232 as subsequently amended and restated from time to time and, for long-term savings account established from 1 January 2020, pursuant to Article 13-bis of Decree No. 124 as subsequently amended and restated from time to time.

Any capital gains realised by Italian resident corporation or similar commercial entities or permanent establishments in Italy of non-Italian resident corporations to which the Notes are connected, will be included in their business income (and, in certain cases, may also be included in the taxable net value of production for IRAP purposes), subject to IRES in Italy according to the relevant ordinary tax rules.

Where the Noteholder is an Italian Fund, a SICAV or a non-real estate SICAF, capital gains realised on the Notes will not be subject to Capital Gains Tax but will be included in the result of relevant portfolio accrued at the end of the relevant tax period. However, a withholding tax of 26 per cent. will be levied, in certain circumstances, by the above entities in case of distribution, redemption or sale of units or shares.

Where the Noteholder is a Pension Fund capital gains realised on the Notes will not be subject to Capital Gains Tax, but must be included in the results of the relevant portfolio accrued at the end of the tax period and will be subject to the Pension Fund Tax.

Where the Noteholder is a Real Estate Investment Fund, or a real estate SICAF, capital gains realised on the Notes will not be subject to Capital Gains Tax, but will be included in the result of relevant portfolio accrued at the end of the relevant tax period. However, a withholding or substitute tax of 26 per cent. will apply, in certain circumstances, in case of distribution, redemption or sale of units or shares. Moreover, subject to certain conditions, income realized by such entities is attributed pro rata to the Italian resident unitholders irrespective of any actual distribution on a tax transparency basis.

(g) Non-Italian Resident Noteholders

Capital gains realized by non-Italian resident Noteholders without a permanent establishment in Italy to which the Notes are effectively connected upon the sale for consideration or redemption of Notes will not be subject to tax in Italy, provided that the Notes (1) are transferred on regulated markets, or (2) if not transferred on regulated markets, are held outside of Italy. Moreover, even if the Notes are held in Italy, no Italian taxation will occur if (a) the non-Italian resident Noteholder is resident for tax purposes in a state or territory listed in the Decree of the Minister of Finance dated 4 September 1996, as amended and supplemented from time to time (the “**White List**”), and (b) all the requirements and procedures set forth in Decree No. 239 and in the relevant implementation rules, as subsequently amended, in order to benefit from the exemption from *imposta sostitutiva* are met or complied with in due time.

(h) Inheritance and Gift Tax

Pursuant to Law Decree No. 262 of 3 October 2006, converted into Law No. 286 of 24 November 2006 as subsequently amended, the transfers of any valuable asset (such as the Notes) as a result of death or donation are generally taxed in Italy as follows:

- transfers in favour of spouses and direct descendants or direct ancestors are subject to an inheritance and gift tax applied at a rate of 4 per cent. on the value of the inheritance or the gift exceeding €1,000,000.00 (for each beneficiary);
- transfers in favour of brothers/sisters are subject to the 6 per cent. inheritance and gift tax on the value of the inheritance or the gift exceeding € 100,000.00 (for each beneficiary);
- transfers in favour of relatives up to the fourth degree or relatives-in-law up to the third degree are subject to an inheritance and gift tax at a rate of 6 per cent. on the entire value of the inheritance or the gift; and
- any other transfer is subject to an inheritance and gift tax applied at a rate of 8 per cent. on the entire value of the inheritance or the gift.

If the beneficiary is a person with a serious disability recognised by law, inheritance and gift taxes apply on its portion of the net asset value exceeding € 1,500,000.

The transfer of financial instruments as a result of death is exempt from inheritance tax when such financial instruments are included in a long-term savings account (“*piano di risparmio a lungo termine*”) that meets the requirements set forth in Article 1, paragraphs 100 – 114, of Law No. 232 as subsequently amended and restated from time to time and, for long-term savings account established from 1 January 2020, pursuant to Article 13-bis of Decree No. 124 as subsequently amended and restated from time to time.

(i) Stamp duty

Under Article 13(2*ter*) of the Tariff Part I attached to Presidential Decree No. 642 of 26 October 1972, a 0.2 per cent. stamp duty generally applies on communications and reports that Italian financial intermediaries periodically send to their clients in relation to the financial products that are deposited in Italy. Communications and reports are deemed to be sent at least once a year even if the Italian financial intermediary is under no obligation to either draft or send such communications and reports. The stamp duty cannot exceed €14,000 for Noteholders other than individuals. Based on the wording of the law and the implementing decree issued by the Italian Ministry of Economy and Finance on May 24, 2012, the 0.2 per cent. stamp duty does not apply to communications and reports that the Italian financial intermediaries send to investors who do not qualify as “clients” according to the regulations issued by the Bank of Italy as amended and supplemented from time to time. The taxable base of the stamp duty is the market value or, in the lack thereof, the nominal value or the redemption amount of any financial product.

(j) Wealth tax on financial assets deposited abroad

According to Article 19(18) of Law Decree No. 201 of 6 December 2011 (“**Decree 201**”), Italian-resident individuals, non-commercial entities and certain non-commercial partnerships (*società semplici* or similar partnerships in accordance with Article 5 of Decree No. 917) holding financial products, including the Notes, outside Italy without the involvement of an Italian financial intermediary are required to pay in their annual tax return a wealth tax currently at the rate of 0.20 per cent. (the level of tax being determined in proportion to the period of ownership). The wealth tax applies on the market value at the end of the relevant year or, in the absence of a market value, on the nominal value or redemption value of such financial products held outside Italy. Taxpayers are generally allowed to deduct from the wealth tax a tax credit equal to any wealth taxes paid in the State where the financial products are held (up to the amount of the Italian wealth tax due). The wealth tax cannot exceed €14,000 for Noteholders other than individuals.

(k) Transfer Tax

Contracts relating to the transfer of securities are subject to the registration tax as follows: (i) public deeds and notarised deeds (*atti pubblici e scritture private autenticate*) executed in Italy are subject to fixed registration tax at rate of € 200; (ii) private deeds (*scritture private autenticate*) are subject to registration tax at rate of € 200 only in case of use or voluntary registration or occurrence of the so-called “*enunciazione*”.

(l) Tax Monitoring Obligations

Italian resident individuals, non-commercial entities and certain non-commercial partnerships (*società semplici* or similar partnerships in accordance with Article 5 of Decree No. 917) resident in Italy who hold investments abroad or have financial activities abroad (including the Notes) are required, in certain circumstances, to report in their yearly income tax return, according to Law Decree No. 167 of 28 June 1990 (“**Decree No. 167**”), converted into law by Law No. 227 of 4 August 1990, for tax monitoring purposes, the amount of notes held abroad (or beneficially owned abroad under Italian anti-money laundering provisions). This also applies in the case that, at the end of the tax year, notes are no longer held by the above Italian resident individuals and entities.

However, the above reporting obligation is not required with respect to: (i) Notes deposited for management with Italian banks, SIMs, fiduciary companies or other professional intermediaries, indicated in Article 1 of Decree No. 167, (ii) contracts entered into through their intervention, upon condition that any stream of income derived from the Notes have been subject to tax by the same intermediaries; or (iii) foreign investments which are only composed by deposits and/or bank accounts when their aggregate value never exceeds a €15,000 threshold throughout the year.

(m) FATCA

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a foreign financial institution (as defined by FATCA) may be required to withhold on certain payments it makes (foreign passthru payments) to persons that fail to meet certain certification, reporting or related requirements. Each of the Issuer and the Guarantor may be a foreign financial institution for these purposes. A number of jurisdictions (including The Netherlands and the Republic of Italy) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (IGAs), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, such withholding would not apply prior to the date that is two years after the date on which final regulations defining foreign passthru payments are published in the U.S. Federal Register. Further, Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for

U.S. federal tax purposes that are issued on or prior to the date that is six months after the date on which final regulations defining foreign passthru payments are published in the U.S. Federal Register generally would be grandfathered for purposes of FATCA withholding unless materially modified after such date. Holders should consult their own tax advisers regarding how these rules may apply to their investment in the Notes. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Notes, no person will be required to pay additional amounts as a result of the withholding.

Financial Transaction Tax

On 14 February 2013, the European Commission published a proposal (the “**Commission’s Proposal**”) for a Directive for a common financial tax transaction (“**FTT**”) in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the “**participating Member States**”). However, Estonia has ceased to participate.

The Commission’s Proposal has very broad scope and could, if introduced, apply to certain dealings in Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under the Commission’s Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, “established” in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the Commission’s Proposal remains subject to negotiation between the participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate.

Prospective holders of Notes are advised to seek their own professional advice in relation to the FTT.

SELLING RESTRICTIONS

General

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will observe all applicable laws and regulations in any jurisdiction in which it may offer, sell, or deliver Notes and it will not directly or indirectly offer, sell, resell, re-offer or deliver Notes or distribute the Information Memorandum or any document, circular, advertisement or other offering material in any country or jurisdiction except under circumstances that will result, to the best of its knowledge and belief, in compliance with all applicable laws and regulations.

Prohibition of Sales to EEA Retail Investors

In the Dealer Agreement each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Information Memorandum in relation thereto to any retail investor in the European Economic Area (the “**EEA**”). Consequently, no key information document required by Regulation (EU) No. 1286/2014 (as amended, the “**PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

For the purposes of this provision:

- (a) the expression “retail investor” means a person who is one (or more) of the following:
 - (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, “**MiFID II**”); or
 - (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended, the “**Insurance Distribution Directive**”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
 - (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (as amended, the “**Prospectus Regulation**”); and
- (b) the expression an “offer” includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes.

United States of America

The Notes and the Guarantee have not been and will not be registered under the United States Securities Act of 1933, as amended (the “**Securities Act**”) and the Notes and the Guarantee may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons, except in accordance with Regulation S. Accordingly, each Dealer has represented and agreed (and each further Dealer appointed under the Programme will be required to represent and agree) that it has not offered or sold, and will not offer and sell, any Notes and the Guarantee constituting part of its allotment within the United States except in accordance with Rule 903 of Regulation S under the Securities Act and that neither it, nor any of its affiliates nor any person acting on its or their behalf, has engaged or will engage in any directed selling efforts with respect to the Notes or the Guarantee.

Each Dealer has also represented and agreed (and each further Dealer appointed under the Programme will be required to represent and agree) that it has offered and sold the Notes and the Guarantee and will offer and sell the Notes and the Guarantee (i) as part of their distribution at any time and (ii)

otherwise until 40 days after the later of the commencement of the offering and the closing date (the “**distribution compliance period**”), only in accordance with Rule 903 of Regulation S.

Each Dealer has also agreed (and each further Dealer appointed under the Programme will be required to agree) that, at or prior to confirmation of sale of Notes and the Guarantee, it will have sent to each distributor, dealer or person receiving a selling commission, fee or other remuneration that purchases Notes or the Guarantee from it during the distribution compliance period a confirmation or notice substantially to the following effect:

“The Securities covered hereby have not been registered under the United States Securities Act of 1933, as amended (the “**Securities Act**”) and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons (i) as part of their distribution at any time or (ii) otherwise until 40 days after the later of the commencement of the offering and the closing date, except in either case in accordance with Regulation S under the Securities Act. Terms used above have the meanings given to them by Regulation S.”

Terms used in this paragraph have the meanings given to them by Regulation S.

The United Kingdom

Each Dealer has further represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that:

- (a)
 - (i) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business; and
 - (ii) it has not offered or sold and will not offer or sell any Notes other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or as agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the Notes would otherwise constitute a contravention of Section 19 of the Financial Services and Markets Act 2000 (the “**FSMA**”) by the Issuer;
- (b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of the Notes in circumstances in which Section 21(1) of the FSMA does not apply to the Issuer or the Guarantor; and
- (c) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the Notes in, from or otherwise involving the United Kingdom.

Prohibition of Sales to UK Retail Investors

In the Dealer Agreement each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Information Memorandum in relation thereto to any retail investor in the United Kingdom (the “**UK**”). Consequently no key information document required by the PRIIPs Regulation as it forms part of UK domestic law by virtue of the EUWA (the “**UK PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

For the purposes of this provision:

- (a) the expression “retail investor” means a person who is one (or more) of the following:
 - (i) a retail client as defined in point (8) of Article 2(1) of Regulation (EU) 2017/565 as it forms part of English law by virtue of the European Union (Withdrawal) Act 2018 (“EUWA”); or
 - (ii) a customer within the meaning of the FSMA and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of English law by virtue of the EUWA; or
 - (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 of the European Parliament and of the Council as it forms part of English law by virtue of the EUWA; and
- (b) the expression an “offer” includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes.

Japan

The Notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948, as amended (the “FIEA”). Accordingly, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not, directly or indirectly, offered or sold and will not, directly or indirectly, offer or sell any Notes in Japan or to, or for the benefit of, any resident of Japan (which term as used herein means any person resident in Japan, including any corporation or other entity organised under the laws of Japan) or to others for re-offering or resale, directly or indirectly, in Japan or to, or for the benefit of, a resident of Japan, except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the FIEA and other applicable laws, regulations and ministerial guidelines of Japan.

The Netherlands

Zero Coupon Notes (as defined below) in definitive form may only be transferred or accepted directly or indirectly, within, from or into The Netherlands through the mediation of either the Issuer or a member firm of Euronext Amsterdam N.V. with due observance of the Dutch Savings Certificates Act (*Wet inzake Spaarbewijzen*) of 21 May 1985 (including identification and registration requirements) (as amended), provided that no mediation is required in respect of (i) the initial issue of those Notes in definitive form to the first holders thereof, (ii) any transfer and delivery by individuals who do not act in the conduct of a profession or trade, and (iii) the issue and trading of those Notes in definitive form, if they are physically issued outside The Netherlands and are not distributed in The Netherlands in the course of primary trading or immediately thereafter. As used herein, “**Zero Coupon Notes**” are Notes which qualify as savings certificates under the Dutch Savings Certificates Act, i.e. Notes that are in bearer form and that constitute a claim for a fixed sum against the Issuer and on which interest does not become due during their tenor or on which no interest is due whatsoever.

Italy

The offering of the Notes has not been registered pursuant to Italian securities legislation and, accordingly, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that, save as set out below, it has not offered or sold, and will not offer or sell, any Notes in the Republic of Italy in an offer to the public and that sales of the Notes in the Republic of Italy shall be effected in accordance with all Italian securities, tax and exchange control and other applicable laws and regulation. Accordingly, each Dealer has represented

and agreed that no Notes may be offered, sold or delivered nor may copies of this Information Memorandum or of any other document relating to the Notes be distributed in the Republic of Italy, except in circumstances which are exempted from the rules on public offerings pursuant to Article 1 of the Prospectus Regulation, any applicable provision of Legislative Decree No. 58 of 24 February 1998 as amended (the "**Financial Services Act**") and Article 34-ter of CONSOB Regulation No. 11971 of 14 May 1999, as amended from time to time, and the applicable Italian laws.

Any such offer, sale or delivery of the Notes or distribution of copies of this Information Memorandum or any other document relating to the Notes in the Republic of Italy must be in compliance with the selling restrictions under the preceding paragraph and must:

- (a) be made by an investment firm, bank or financial intermediary permitted to conduct such activities in the Republic of Italy in accordance with the Financial Services Act and Legislative Decree No. 385 of 1 September 1993, as amended (the "**Banking Act**");
- (b) comply with any other applicable laws and regulations or requirement imposed by CONSOB, the Bank of Italy (including the reporting requirements, where applicable, pursuant to Article 129 of the Banking Act and the implementing guidelines of the Bank of Italy, as amended from time to time) and/or any other Italian authority.

Provisions relating to the secondary market in the Republic of Italy

Investors should also note that, in any subsequent distribution of the Notes in the Republic of Italy, Article 100-bis of the Financial Services Act may require compliance with the law relating to public offers of securities. Furthermore, where the Notes are placed solely with "qualified investors" and are then systematically resold on the secondary market at any time in the 12 months following such placing, purchasers of Notes who are acting outside of the course of their business or profession may in certain circumstances be entitled to declare such purchase void and, in addition, to claim damages from any authorised person at whose premises the Notes were purchased, unless an exemption provided for under the Financial Services Act applies.

Switzerland

Each Dealer has agreed, and each further Dealer appointed under the Programme will be required to agree, that the Notes may not be publicly offered, sold or advertised, directly or indirectly, in, into or from Switzerland and will not be listed on the SIX Swiss Exchange or on any other stock exchange or regulated trading facility in Switzerland. Neither this Information Memorandum nor any other offering or marketing material relating to the Notes constitutes a prospectus as such term is understood pursuant to article 1156 or article 652a of the Swiss Code of Obligations or a listing prospectus within the meaning of the listing rules of the SIX Swiss Exchange or the rules of any other stock exchange or regulated trading facility in Switzerland, and neither this Information Memorandum nor any other offering or marketing material relating to the Notes may be publicly distributed or otherwise made publicly available in Switzerland.

- (16) Complete for interest bearing Notes if interest is payable before Maturity Date.
- (17) Complete for interest bearing Yen denominated Notes only.
- (18) The designation “yes” simply means that the Notes are intended upon issue to be deposited with one of the ICSDs as common safekeeper and does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at all times during their life. Such recognition will depend upon the ECB being satisfied that Eurosystem eligibility criteria have been met. (include this text if “yes” selected in which case the Notes must be issued in NGN form).

Whilst the designation is specified as “no”, should the Eurosystem eligibility criteria be amended in the future such that the Notes are capable of meeting them the Notes may then be deposited with one of the ICSDs as common safekeeper. Note that this does not necessarily mean that the Notes will then be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem at any time during their life. Such recognition will depend upon the ECB being satisfied that Eurosystem eligibility criteria have been met.

1. For value received, ENEL Finance International N.V. (the “**Issuer**”) promises to pay to the bearer of this Global Note on the above mentioned Maturity Date the above mentioned Principal Amount, together with interest thereon at the rate and at the times (if any) specified herein.

In the event such withholding or deduction is imposed or levied by or on behalf of any Tax Jurisdiction (as defined below), the Issuer and/or the Guarantor, as the case may be, will pay such additional amounts as shall be necessary in order that the net amounts received by the bearer of this Global Note after such withholding or deduction shall equal the respective amounts which would otherwise have been receivable in the absence of such withholding or deduction, except that no such additional amounts shall be payable:
 - (a) where the Global Note is presented for payment in any Tax Jurisdiction (as defined below); or
 - (b) where the relevant bearer is liable for such taxes or duties by reason of his having some connection with a Tax Jurisdiction or with the Republic of Italy other than the mere holding of such Global Note; or
 - (c) where the relevant bearer would be able to avoid such withholding or deduction by making a declaration or any other statement, including but not limited to a declaration of residence or non-residence, but fails to do so; or

For the avoidance of doubt, no person shall be required to pay additional amounts in respect of any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the “**Code**”) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto.

This Global Note is issued in respect of an issue of Notes of the Issuer and is exchangeable in whole (but not in part only) for duly executed and authenticated bearer Notes in definitive form in the following circumstances, whether before, on or, subject as provided below, after the Maturity Date:
 - (a) if Euroclear or Clearstream, Luxembourg is closed for a continuous period of 14 days or more (other than by reason of weekends or public holidays, statutory or otherwise) or announces an intention to cease permanently to do business or does in fact do so and no alternative clearing system is available; and/or
 - (b) if default is made in the payment of any amount payable in respect of this Global Note. If an event in paragraph (a) or (b) above occurs, the Issuer hereby undertakes that, upon

presentation and surrender of this Global Note during normal business hours at the above offices of the Issue Agent, the Issuer will procure the delivery to the bearer of duly executed and authenticated bearer definitive Notes in the relevant currency in an aggregate principal amount equal to the Principal Amount of this Global Note, such delivery to take place on a date not later than 5.00 p.m. (London time) on the thirtieth day after surrender of this Global Note.

8. If, for whatever reason, definitive Notes are not issued pursuant to the terms of this Global Note in full exchange for this Global Note before 5.00 p.m. (London time) on the thirtieth day after surrender, this Global Note (including the obligation hereunder to issue definitive Notes) will become void and the bearer will have no further rights under this Global Note (but without prejudice to the rights which the bearer or any other person may have under the Deed of Covenant dated 30 March 2023 entered into by the Issuer).

 - (ii) if this Note is a New Global Note, details of such payment shall be entered pro rata in the records of the Clearing Systems by or on behalf of the Principal Paying Agent.

Capitalised terms used but not otherwise defined in paragraph 11 of this Global Note shall bear the meaning ascribed to them in the 2021 ISDA Definitions.

- 12. If this is a floating rate interest bearing Global Note and in the case of a Global Note which specifies Screen Rate Determination on its face, interest shall be calculated on the Principal Amount as follows:
 - (i) if this Global Note specifies EURIBOR as the Original Reference Rate, interest shall be payable on the Principal Amount in respect of each successive Interest Period (as defined below) from the Issue Date to the Maturity Date only, in arrear on the relevant Interest Payment Date, on the basis of the actual number of days in such Interest Period and a year of 360 days at a rate (the “**Rate of Interest**”) determined on the following basis:
 - (A) on the second euro Business Day (as defined in paragraph 5 above) before the beginning of each Interest Period (each an “**Interest Determination Date**”) the Calculation Agent will determine the European Interbank Offered Rate for deposits in euro for the Interest Period concerned as at 11.00 a.m. (Brussels time) on the Interest Determination Date in question. Such offered rate will be that which appears on the display designated as EURIBOR01 on the Reuters Monitor (or such other page or service as may replace it for the purpose of displaying European Interbank Offered Rates of prime banks in the euro-

zone (as defined below) for deposits in euro for a duration approximately equal to the Interest Period). The Rate of Interest for such Interest Period shall be the Margin (expressed as a percentage rate per annum) above (if a positive number) or below (if a negative number) the rate which so appears, as determined by the Calculation Agent;

- (B) if on any Interest Determination Date for any reason such offered rate is unavailable, the Issuer itself or in consultation with an independent financial advisor appointed by the Issuer in its sole discretion will request the principal euro-zone office of each of the Reference Banks (as defined below) (or failing that one of the Reference Banks) to provide its offered quotation to leading banks in the euro-zone interbank market for deposits in euro for a duration approximately equal to the Interest Period concerned as at 11.00 a.m. (Brussels time) on the Interest Determination Date in question. The Rate of Interest for such EURIBOR Interest Period shall be the Margin (expressed as a percentage rate per annum) above (if a positive number) or below (if a negative number) such quotation (if only one is provided) or the arithmetic mean (rounded, if necessary, up to the nearest four decimal places) of such quotations (if two or more are so provided), as determined by the Calculation Agent; and
- (C) if the Calculation Agent is unable to determine the Rate of Interest for an Interest Period in accordance with (i) or (ii) above, the Rate of Interest for such Interest Period shall be the Rate of Interest in effect for the last preceding Interest Period to which (i) or (ii) above shall have applied;

For the purposes of this Global Note, “**euro-zone**” means the region comprised of the countries whose lawful currency is the euro.

- (ii) the Calculation Agent will, as soon as practicable after 11.00 a.m. (Brussels time) on each Interest Determination Date, determine the Rate of Interest and calculate the amount of interest payable (the “**Amount of Interest**”) for the relevant Interest Period. The Amount of Interest shall be calculated by applying the Rate of Interest to the Principal Amount of one Note of each Denomination, multiplying such product by the actual number of days in the Interest Period concerned divided by 360, and rounding the resulting figure to the nearest cent. (with halves being rounded upwards). The determination of the Rate of Interest and the Amount of Interest by the Calculation Agent shall (in the absence of manifest error or fraud) be final and binding upon all parties;
- (iii) a certificate of the Calculation Agent as to the Rate of Interest payable hereon for any Interest Period shall (in the absence of manifest error) be conclusive and binding as between the Issuer and the bearer hereof;
- (iv) the period beginning on (and including) the Issue Date and ending on (but excluding) the first Interest Payment Date and each successive period beginning on (and including) an Interest Payment Date and ending on (but excluding) the next succeeding Interest Payment Date is called an “**Interest Period**” for the purposes of this paragraph; and
- (v) the Issuer will procure that a notice specifying the Rate of Interest payable in respect of each Interest Period be given as soon as practicable after the determination of the Rate of Interest. Such notice will be delivered to Euroclear, Clearstream, Luxembourg and the bearer of this Global Note or, if that is not possible, it will be published in the *Financial Times* or in another leading London daily newspaper.

For the purpose of this paragraph 12, “**Reference Banks**” means, in the case of a determination of EURIBOR, the principal Euro zone office of four major banks in the Euro zone inter bank market, in each case selected by the Issuer or its financial advisers.

- 13. If a Benchmark Event (as defined below) occurs in relation to an Original Reference Rate when any Rate of Interest (or any component part thereof) remains to be determined by reference to

such Original Reference Rate:

- (a) the Issuer shall use its reasonable endeavours to appoint and consult with an Independent Adviser (as defined below), as soon as reasonably practicable, to determine a Successor Rate (as defined below), failing which an Alternative Rate (in accordance with paragraph 13(b)) by no later than five Business Days prior to the Interest Determination Date relating to the next Interest Period for which the Rate of Interest (or any component part thereof) is to be determined by reference to the Original Reference Rate (the “**IA Determination Cut-off Date**”). An Independent Adviser, appointed pursuant to this paragraph 13, shall act in good faith and in a commercially reasonable manner as an expert and in consultation with the Issuer. In the absence of fraud and gross negligence, the Independent Adviser shall have no liability whatsoever to the Issuer, the Principal Paying Agent or the holders of this Global Note for any determination made by it pursuant to this paragraph 13. If (i) the Issuer is unable to appoint an Independent Adviser; or (ii) the Independent Adviser appointed by it fails to determine a Successor Rate or, failing which, an Alternative Rate prior to the date which is ten Business Days prior to the relevant Interest Determination Date, the Rate of Interest applicable to the next succeeding Interest Period shall be equal to the Rate of Interest last determined in relation to this Global Note in respect of the immediately preceding Interest Period. If there has not been a first Interest Payment Date, the Rate of Interest shall be the initial Rate of Interest. Where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period shall be substituted in place of the Margin relating to that last preceding Interest Period. For the avoidance of doubt, this paragraph shall apply to the relevant next succeeding Interest Period only and any subsequent Interest Periods are subject to the subsequent operation of this paragraph 13, and to adjustment as provided above.
- (b) If the Independent Adviser determines that:
 - (i) there is a Successor Rate, then such Successor Rate (subject to the adjustment as provided in paragraph 13(c)) shall subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on this Global Note (subject to the operation of this paragraph 13); or
 - (ii) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate shall (subject to the adjustment as provided in paragraph 13(c)) be subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on this Global Note (subject to the operation of this paragraph 13).
- (c) If an Independent Adviser determines (i) that an Adjustment Spread (or a formula or methodology for determining the Adjustment Spread) is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) and (ii) the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Rate (as the case may be). If the Independent Adviser or the Issuer (if required to determine a Successor Rate, failing which an Alternative Rate and, in either case, an Adjustment Spread, according to this paragraph 13) is unable to determine the quantum of, or a formula or methodology for determining, such Adjustment Spread, then the Successor Rate or Alternative Rate (as applicable) will apply without an Adjustment Spread.
- (d) If any Successor Rate or Alternative Rate or Adjustment Spread is determined in accordance with this paragraph 13 and the Independent Adviser determines (i) that

amendments to the terms of this Global Note are necessary to ensure the proper operation of such Successor Rate or Alternative Rate and/or Adjustment Spread (such amendments, the “**Benchmark Amendments**”) and (ii) the terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice as set out below, without any requirement for the consent or approval of the bearer of this Global Note, vary the terms of this Global Note to give effect to such Benchmark Amendments with effect from the date specified in such notice. Benchmark Amendments may comprise, by way of example, the following amendments: (A) amendments to the definition of “Original Reference Rate”; (B) amendments to the day-count fraction and the definitions of “Business Day”, “Interest Payment Date”, “Rate of Interest”, and/or “Interest Period” (including the determination of whether the Alternative Rate will be determined in advance of or prior to the relevant Interest Period or in arrear on or prior to the end of the relevant Interest Period); and/or (C) any change to the business day convention.

- (e) Any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments, determined under this paragraph 13 will be notified promptly by the Issuer to the Paying Agent and the holders of this Global Note. Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.
- (f) Notwithstanding any other provision of this paragraph 13, none of the Calculation Agent or the Principal Paying Agent shall be obliged to concur with the Issuer in respect of any Benchmark Amendments which, in the reasonable opinion of the Calculation Agent or the Principal Paying Agent (as applicable), would have the effect of increasing the obligations or duties, or decreasing the rights or protections, of the Calculation Agent or the Principal Paying Agent (as applicable) in the Issue and Paying Agency Agreement and/or those contained herein.
- (g) Notwithstanding any other provision of this paragraph 13, if in the Calculation Agent’s reasonable opinion there is any uncertainty between two or more alternative courses of action in making any determination or calculation, the Calculation Agent shall promptly notify the Issuer and the Guarantor thereof and the Issuer (or the Guarantor acting on its behalf) shall direct the Calculation Agent in writing as to which alternative course of action to adopt. If the Calculation Agent is not promptly provided with such direction, or is otherwise unable (acting in a reasonable manner) to make such calculation or determination for any reason, it shall notify the Issuer and the Guarantor thereof and the Calculation Agent shall be under no obligation to make such calculation or determination and shall not incur any liability for not doing so.
- (h) Without prejudice to the obligations of the Issuer under paragraphs 13 (a), (b), (c) and (d), the Original Reference Rate will continue to apply unless and until a Benchmark Event has occurred.

“**Adjustment Spread**” means either a spread (which may be positive, negative or zero) or the formula or methodology for calculating a spread, in either case, which the Independent Adviser determines is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Noteholders as a result of the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate (as the case may be) and is the spread, formula or methodology which:

- (a) in the case of a Successor Rate, is formally recommended in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body; or
- (b) (if no such recommendation has been made, or in the case of an Alternative Rate) the

Independent Adviser determines is recognised or acknowledged as being the industry standard for over-the counter derivative transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate (as the case may be) ; (or if the Issuer determines that no such industry standard is recognised or acknowledged); or

- (c) the Independent Adviser determines (acting in good faith and in a commercially reasonable manner) to be appropriate.

“Alternative Rate” means an alternative benchmark or screen rate which the Independent Adviser determines in accordance with paragraph (b) is customary in market usage in the international debt capital markets transactions for the purposes of determining rates of interest (or the relevant component part thereof) in the same Contractual Currency as this Global Note and with an interest period of a comparable duration to the relevant Interest Period.

Such offered rate will be that which appears on the display designated as EURIBORO1 on the Reuters Monitor (or such other page or service as may replace it for the purpose of displaying European Interbank Offered Rates of prime banks in the euro-zone (as defined below) for deposits in euro for a duration equal to the Interest Period). The Rate of Interest for such Interest Period shall be the Margin (expressed as a percentage rate per annum) above (if a positive number) or below (if a negative number) the rate which so appears, as determined by the Calculation Agent;
 - (ii) if on any Interest Determination Date for any reason such offered rate is unavailable, the Issuer itself or in consultation with an independent financial advisor appointed by the Issuer in its sole discretion will request the principal euro-zone office of each of the Reference Banks (as defined below) (or failing that one of the Reference Banks) to provide its offered quotation to leading banks in the euro-zone interbank market for deposits in euro for a duration approximately equal to the Interest Period concerned as at 11.00 a.m. (Brussels time) on the Interest Determination Date in question. The Rate of Interest for such Interest Period shall be the Margin (expressed as a percentage rate per annum) above (if a positive number) or below (if a negative number) such quotation (if only one is provided) or the arithmetic mean (rounded, if necessary, up to the nearest four decimal places) of such quotations (if two or more are so provided), as determined by the Calculation Agent; and
 - (iii) if the Calculation Agent is unable to determine the Rate of Interest for an Interest Period in accordance with (i) or (ii) above, the Rate of Interest for such Interest Period shall be the Rate of Interest in effect for the last preceding Interest Period to which (i) or (ii) above shall have applied;

For the purposes of this Note “**euro-zone**” means the region comprised of the countries

whose lawful currency is the euro.

- (b) the Calculation Agent will, as soon as practicable after 11.00 a.m. (Brussels time) on each EURIBOR Interest Determination Date, determine the Rate of Interest and calculate the amount of interest payable (the “**Amount of Interest**”) for the relevant Interest Period. The Amount of Interest shall be calculated by applying the Rate of Interest to the Principal of one Note of each Denomination, multiplying such product by the actual number of days in the Interest Period concerned divided by 360, and rounding the resulting figure to the nearest cent. (with halves being rounded upwards). The determination of the Rate of Interest and the Amount of Interest by the Calculation Agent shall (in the absence of manifest error or fraud) be final and binding upon all parties;
 - (c) a certificate of the Calculation Agent as to the Rate of Interest payable hereon for any Interest Period shall (in the absence of manifest error) be conclusive and binding as between the Issuer and the bearer hereof;
 - (d) the period beginning on (and including) the Issue Date and ending on (but excluding) the first Interest Payment Date and each successive period beginning on (and including) an Interest Payment Date and ending on (but excluding) the next succeeding Interest Payment Date is called an “**Interest Period**” for the purposes of this paragraph;
 - (e) the Issuer will procure that a notice specifying the Rate of Interest payable in respect of each Interest Period be published as soon as practicable after the determination of the Rate of Interest. Such notice will be delivered to the bearer of this Note or, if that is not possible, it will be published in the *Financial Times* or in another leading London daily newspaper; and
 - (f) as used above, “**Reference Banks**” means, in the case of a determination of EURIBOR, the principal Euro zone office of four major banks in the Euro zone inter bank market selected by the Issuer or its financial advisers.
10. If a Benchmark Event (as defined below) occurs in relation to an Original Reference Rate when any Rate of Interest (or any component part thereof) remains to be determined by reference to such Original Reference Rate:
- (a) the Issuer shall use its reasonable endeavours to appoint and consult with an Independent Adviser (as defined below), as soon as reasonably practicable, to determine a Successor Rate (as defined below), failing which an Alternative Rate (in accordance with paragraph 10(b)) by no later than five Business Days prior to the Interest Determination Date relating to the next Interest Period for which the Rate of Interest (or any component part thereof) is to be determined by reference to the Original Reference Rate (the “**IA Determination Cut-off Date**”). An Independent Adviser, appointed pursuant to this paragraph 10, shall act in good faith and in a commercially reasonable manner as an expert and in consultation with the Issuer. In the absence of fraud and gross negligence, the Independent Adviser shall have no liability whatsoever to the Issuer, the Principal Paying Agent or the holders of this Note for any determination made by it pursuant to this paragraph 10. If (i) the Issuer is unable to appoint an Independent Adviser; or (ii) the Independent Adviser appointed by it fails to determine a Successor Rate or, failing which, an Alternative Rate prior to the date which is ten Business Days prior to the relevant Interest Determination Date, the Rate of Interest applicable to the next succeeding Interest Period shall be equal to the Rate of Interest last determined in relation to this Note in respect of the immediately preceding Interest Period. If there has not been a first Interest Payment Date, the Rate of Interest shall be the initial Rate of Interest. Where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest

Period, the Margin relating to the relevant Interest Period shall be substituted in place of the Margin relating to that last preceding Interest Period. For the avoidance of doubt, this paragraph shall apply to the relevant next succeeding Interest Period only and any subsequent Interest Periods are subject to the subsequent operation of this paragraph 10, and to adjustment as provided above.

- (b) If the Independent Adviser determines that:
 - (i) there is a Successor Rate, then such Successor Rate (subject to the adjustment as provided in paragraph 10(c)) shall subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on this Note (subject to the operation of this paragraph 10); or
 - (ii) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate shall (subject to the adjustment as provided in paragraph 10(c)) be subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on this Note (subject to the operation of this paragraph 10).
- (c) If an Independent Adviser determines (i) that an Adjustment Spread (or a formula or methodology for determining the Adjustment Spread) is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) and (ii) the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Rate (as the case may be). If the Independent Adviser or the Issuer (if required to determine a Successor Rate, failing which an Alternative Rate and, in either case, an Adjustment Spread, according to this paragraph 10) is unable to determine the quantum of, or a formula or methodology for determining, such Adjustment Spread, then the Successor Rate or Alternative Rate (as applicable) will apply without an Adjustment Spread.
- (d) If any Successor Rate or Alternative Rate or Adjustment Spread is determined in accordance with this paragraph 10 and the Independent Adviser determines (i) that amendments to the terms of this Note are necessary to ensure the proper operation of such Successor Rate or Alternative Rate and/or Adjustment Spread (such amendments, the “**Benchmark Amendments**”) and (ii) the terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice as set out below, without any requirement for the consent or approval of the holders of this Note, vary the terms of this Note to give effect to such Benchmark Amendments with effect from the date specified in such notice. Benchmark Amendments may comprise, by way of example, the following amendments: (A) amendments to the definition of “Original Reference Rate”; (B) amendments to the day-count fraction and the definitions of “Business Day”, “Interest Payment Date”, “Rate of Interest”, and/or “Interest Period” (including the determination of whether the Alternative Rate will be determined in advance of or prior to the relevant Interest Period or in arrear on or prior to the end of the relevant Interest Period); and/or (C) any change to the business day convention.
- (e) Any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments, determined under this paragraph 10 will be notified promptly by the Issuer to the Paying Agent and the holders of this Note. Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.
- (f) Notwithstanding any other provision of this paragraph 10, none of the Calculation Agent or the Principal Paying Agent shall be obliged to concur with the Issuer in respect

of any Benchmark Amendments which, in the reasonable opinion of the Calculation Agent or the Principal Paying Agent (as applicable), would have the effect of increasing the obligations or duties, or decreasing the rights or protections, of the Calculation Agent or the Principal Paying Agent (as applicable) in the Issue and Paying Agency Agreement and/or those contained herein.

- (g) Notwithstanding any other provision of paragraph 10, if in the Calculation Agent's reasonable opinion there is any uncertainty between two or more alternative courses of action in making any determination or calculation, the Calculation Agent shall promptly notify the Issuer and the Guarantor thereof and the Issuer (or the Guarantor acting on its behalf) shall direct the Calculation Agent in writing as to which alternative course of action to adopt. If the Calculation Agent is not promptly provided with such direction, or is otherwise unable (acting in a reasonable manner) to make such calculation or determination for any reason, it shall notify the Issuer and the Guarantor thereof and the Calculation Agent shall be under no obligation to make such calculation or determination and shall not incur any liability for not doing so.
- (h) Without prejudice to the obligations of the Issuer under paragraphs 10 (a), (b), (c) and (d), the Original Reference Rate will continue to apply unless and until a Benchmark Event has occurred.

“Adjustment Spread” means either a spread (which may be positive, negative or zero) or the formula or methodology for calculating a spread, in either case, which the Independent Adviser determines is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Noteholders as a result of the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate (as the case may be) and is the spread, formula or methodology which:

- (a) in the case of a Successor Rate, is formally recommended in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body; or
- (b) (if no such recommendation has been made, or in the case of an Alternative Rate) the Independent Adviser determines is recognised or acknowledged as being the industry standard for over-the counter derivative transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate (as the case may be) ; (or if the Issuer determines that no such industry standard is recognised or acknowledged); or
- (c) the Independent Adviser determines (acting in good faith and in a commercially reasonable manner) to be appropriate.

“Alternative Rate” means an alternative benchmark or screen rate which the Independent Adviser determines in accordance with paragraph 10(b) is customary in market usage in the international debt capital markets transactions for the purposes of determining rates of interest (or the relevant component part thereof) in the same Contractual Currency as this Note and with an interest period of a comparable duration to the relevant Interest Period.

“Benchmark Event” means:

- (a) the Original Reference Rate ceasing to be published for a period of at least 5 Payment Business Days or ceasing to exist or to be administered; or
- (b) a public statement by the administrator of the Original Reference Rate that it has ceased or that it will, cease publishing the Original Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of the Original Reference Rate); or

- (c) a public statement by the supervisor of the administrator of the Original Reference Rate, that the Original Reference Rate has been or will, by a specified date within the following six months, be permanently or indefinitely discontinued; or
- (d) a public statement by the supervisor of the administrator of the Original Reference Rate as a consequence of which the Original Reference Rate will be prohibited from being used either generally, or in respect of this Note, in each case within the following six months; or
- (e) it has become unlawful for the Principal Paying Agent, the Issuer or any other party to calculate any payments due to be made to any of the holders of this Note using the Original Reference Rate; or
- (f) the making of a public statement by the supervisor of the administrator of the Original Reference Rate announcing that such Original Reference Rate is no longer representative or may no longer be used, in each case in circumstances where the same shall be applicable to the Notes,

provided that in the case of sub-paragraphs (b), (c) and (d), the Benchmark Event shall occur on the later of (i) the date which is six months prior to the date of the cessation of publication of the Original Reference Rate, the discontinuation of the Original Reference Rate, or the prohibition of use of the Original Reference Rate, as the case may be and (ii) the date of the relevant public statement.

“Independent Adviser” means an independent financial institution of international repute or an independent financial adviser with appropriate expertise appointed by the Issuer under this paragraph 10.

“Original Reference Rate” means the originally specified benchmark or screen rate (as applicable) used to determine the Rate of Interest (or any component part thereof) in respect of any Interest Period(s) on this Note (provided that if, following one or more Benchmark Events, such originally specified Reference Rate (or any Successor Rate or Alternative Rate which has replaced it) has been replaced by a (or a further) Successor Rate or Alternative Rate and a Benchmark Event subsequently occurs in respect of such Successor Rate or Alternative Rate, the term “Original Reference Rate” shall include any such Successor Rate or Alternative Rate).

“Relevant Nominating Body” means, in respect of a benchmark or screen rate (as applicable):

- (a) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable); or
- (b) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (a) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, (b) any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable), (c) a group of the aforementioned central banks or other supervisory authorities or (d) the Financial Stability Board or any part thereof.

“Successor Rate” means the rate that the Independent Adviser determines is a successor to or replacement of the Original Reference Rate which is formally recommended by any Relevant Nominating Body.

2. GUARANTEE AND INDEMNITY

2.1

- (a) In relation to the Issuer and any Notes issued by it and in relation to the Deed of Covenant executed by the Issuer, the Guarantor as principal obligor hereby unconditionally and irrevocably guarantees upon written demand to each Beneficiary the due and punctual payment of all amounts due from time to time to such Beneficiary by the Issuer in respect of any such Note or under the Deed of Covenant in respect thereof, as the case may be, (including any premium or any other amounts of whatever nature or additional amounts which may become payable under any of the foregoing) when and as the same shall become due and payable in accordance with the terms thereof up to a maximum aggregate amount of € 8,000,000,000 outstanding at any time (the “**Guarantee Maximum Amount**”) and, beyond such Guarantee Maximum Amount, the Guarantor will have no further liability in connection with the payment obligations deriving from the Deed of Covenant and the Notes.
- (b) In case of the failure of the Issuer punctually to make any such payment, the Guarantor hereby undertakes to cause such payment to be made punctually when and as the same shall become due and payable in accordance with the terms of this Guarantee, whether

at maturity, upon redemption by acceleration of maturity or otherwise, as if such payment were made by the Issuer in accordance with the terms thereof (including, without limitation, in the manner and currency prescribed in such Note).

- (c) The Guarantor hereby waives any requirement that any Beneficiary, in the event of any default of such payment by the Issuer, first makes demand upon or seeks to enforce remedies against the Issuer before seeking to enforce this Guarantee, including for the purposes of article 1944, paragraph 2 of the Italian Civil Code; agrees that its obligations under this Guarantee shall be unconditional and irrevocable irrespective of the validity, regularity or enforceability of such Notes or the Deed of Covenant in respect thereof, the absence of any action to enforce the same, any waiver or consent by any Beneficiary with respect to any provisions thereof, the recovery of any judgment against the Issuer or any action to enforce the same, any consolidation, merger, conveyance or transfer by the Issuer or any other circumstance which might otherwise constitute a legal or equitable discharge or defence of a guarantor; and covenants that this Guarantee will not be discharged except by complete performance of the obligations contained in all such Notes, the Deed of Covenant and this Guarantee in respect thereof.
- (d) The Guarantee shall constitute an autonomous guarantee payable on first demand and without exceptions (*garanzia autonoma a prima richiesta e senza eccezioni*) and the Guarantor expressly acknowledges that article 1939 and articles from 1944 to 1950, 1952, 1955 and 1957 of the Italian Civil Code shall not apply to the Guarantee.
- (e) The relevant Beneficiary's payment demand (the "**Payment Demand**") shall be made in writing by way of registered mail and shall state the amount due for payment, and shall be sent together with a specific statement that the relevant Beneficiary is calling upon the Guarantor to pay all due sums under this Guarantee;
- (f) For so long as any Global Note is held on behalf of the Relevant Clearing System each person (other than a Clearing System) who is for the time being a Relevant Account Holder shall be treated by the Guarantor as the holder of such nominal amount of such Notes for all purposes other than with respect to the payment of principal or interest on such nominal amount of Notes for which purpose the bearer of the relevant Global Note shall be treated by the Guarantor as the holder of such Note in accordance with and subject to the terms of the relevant Global Note.
- (g) The Guarantor covenants in favour of each Relevant Account Holder that it will make all payments under this Guarantee in respect of the nominal amount of Notes for the time being shown in the records of any Relevant Clearing System as being held by the Relevant Account Holder and represented by a Global Note to the bearer of such Global Note in accordance with the terms of this Guarantee and acknowledges that each Relevant Account Holder may take proceedings to enforce this covenant and any of the other rights which it has under this Guarantee directly against the Guarantor.

2.2 Status

The obligations of the Guarantor under this Guarantee are direct, unconditional, and unsecured and unsubordinated obligations of the Guarantor and rank at least equally with all other present outstanding unsecured and unsubordinated obligations of the Guarantor, other than obligations, if any, that are mandatorily preferred by statute or by operation of law.

2.3 Indemnity

The Guarantor irrevocably and unconditionally agrees as a primary obligation to each Beneficiary that, if any sum referred to in Clause 2.1 is not recoverable from the Guarantor thereunder for any reason whatsoever (including, without limitation, by reason of any Note

and/or the Deed of Covenant or any provision thereof being or becoming void, voidable, unenforceable or otherwise invalid or ineffective for any reason under any applicable law), then (notwithstanding that the same may have been known to such Beneficiary or any other person), the Guarantor will pay such sum by way of a full indemnity to such Beneficiary on demand against any loss incurred by it, in the manner and currency prescribed by the Notes. This indemnity constitutes a separate and independent obligation from the other obligations under this Guarantee and shall give rise to a separate and independent cause of action provided that in any case the liability of the Guarantor will never, for any reason whatsoever, be exceeding the Guarantee Maximum Amount.

3. PRESERVATION OF RIGHTS

3.1 Continuing obligations

The obligations of the Guarantor herein contained shall constitute and be continuing obligations notwithstanding any settlement of account or other matter or thing whatsoever and shall not be considered satisfied by any intermediate payment or satisfaction of all or any of the Issuer's obligations under or in respect of any Note and/or the Deed of Covenant and shall continue in full force and effect for so long as the Programme remains in effect and until no sum remains payable under any Note and/or the Deed of Covenant, and all other actual or contingent obligations of the Issuer thereunder or in respect thereof have been satisfied, in full (the "**Expiration Date**"). Furthermore, these obligations of the Guarantor are additional to, and not instead of, any security or other guarantee or indemnity at any time existing in favour of a Beneficiary, whether from the Guarantor or otherwise.

3.2 Obligations not discharged

Without affecting any of the Issuer's obligations, the Guarantor will be liable under this as if it were the sole principal debtor and not merely a surety. Accordingly, it will not be discharged, nor will its liability be affected, by anything which would not discharge it or affect its liability if it were the sole principal debtor. Neither the obligations of the Guarantor contained in this Guarantee nor the rights, powers and remedies conferred upon the Beneficiaries by this Guarantee or by law (the latter case shall be construed and interpreted with limitation to the Beneficiaries' rights arising out of this Guarantee) shall be discharged, impaired or otherwise affected by:

- (a) the winding up, dissolution, administration, moratorium or re-organisation of the Issuer or any change in its status, function, control or ownership or that of any person belonging to the Group;
- (b) any of the obligations of the Issuer under or in respect of any Note and/or the Deed of Covenant being or becoming illegal, invalid, unenforceable or ineffective in any respect;
- (c) any time, waiver, consent or other indulgence being granted or agreed to be granted to the Issuer or any other person in respect of any of their obligations under or in respect of any Note and/or the Deed of Covenant;
- (d) any amendment to, novation, supplement, extension (whether of maturity or otherwise) or restatement (in each case, however fundamental and of whatsoever nature) or any variation, replacement, waiver or release of, any obligation of the Issuer under or in respect of any Note and/or the Deed of Covenant or any security or other guarantee or indemnity in respect thereof and any extension of or any increase of the obligations of the Issuer in respect of any Note or the addition of any new obligation for the Issuer under the Deed of Covenant;
- (e) the making or absence of any demand on the Issuer or any other person for payment or

the enforcement or absence of enforcement of any Note and/or the Deed of Covenant, unless, in respect of the above, otherwise agreed in writing between the Beneficiaries and the Guarantor.

3.3 Settlement Conditional

Any settlement or discharge between the Guarantor and the Beneficiaries or any of them shall be conditional upon no payment to the Beneficiaries or any of them by the Issuer or any other person on the Issuer's behalf being avoided or reduced by virtue of any applicable law relating to bankruptcy, insolvency, liquidation or similar laws of general application for the time being in force and, in the event of any such payment being so avoided or reduced, the Beneficiaries shall be entitled to recover the amount by which such payment is so avoided or reduced from the Guarantor subsequently as if such settlement or discharge had not occurred. Each Beneficiary may concede or compromise any claim that any payment, security or other disposition is liable to avoidance or restoration.

3.4 Exercise of Rights

No Beneficiary shall be obliged before exercising any of the rights, powers or remedies conferred upon it by this Guarantee or by law:

- (a) to make any demand of the Issuer save for the presentation of the relevant Note;
- (b) to take any action or obtain judgment in any court against the Issuer; or
- (c) to make or file any claim or proof in a winding up or dissolution of the Issuer, save as otherwise provided by applicable law,

and (save as aforesaid) the Guarantor hereby expressly waives presentment, demand, protest and notice of dishonour in respect of each Note and the Deed of Covenant.

3.5 Deferral of Guarantor's rights

The Guarantor agrees that, so long as any sums are or may be owed by the Issuer in respect of any Note and/or the Deed of Covenant or the Issuer is under any other actual or contingent obligation thereunder or in respect thereof, the Guarantor will not exercise any rights which the Guarantor may at any time have by reason of the performance by the Guarantor of its obligations hereunder:

- (a) to be indemnified by the Issuer; or
- (b) to take the benefit (in whole or in part and whether by way of subrogation or otherwise) of any rights of any Beneficiary against the Issuer in respect of amounts paid by the Guarantor under this Guarantee or any security enjoyed in connection with any Note and/or the Deed of Covenant by any Beneficiary.

The Guarantor agrees that, so long as any sums are or may be owed by the Issuer in respect of any Note and/or the Deed of Covenant or the Issuer is under any other actual or contingent obligation thereunder, the Guarantor shall not, after a claim has been made or by virtue of any payment or performance by it under this Guarantee, save as otherwise provided by applicable law:

- (a) claim, rank, prove or vote as a creditor of the Issuer or its respective estates in competition with any Beneficiary (or any trustee or agent on its behalf); or
- (b) receive, claim or have the benefit of any payment (excluding distributions) or security from or on account of the Issuer.

3.6 Appropriations

The Guarantor agrees that, so long as any sums are or may be owed by the Issuer in respect of any Note and/or the Deed of Covenant or the Issuer is under any other actual or contingent obligation thereunder, each Beneficiary (or any trustee or agent on its behalf) may:

- (a) refrain from applying or enforcing any other moneys, security or rights held or received by that Beneficiary (or any trustee or agent on its behalf) in respect of those amounts, or apply and enforce the same in such manner and order as it sees fit (whether against those amounts or otherwise), and the Guarantor shall not be entitled to the benefit of the same; and
- (b) hold in a suspense account any moneys received from the Guarantor or on account of the Guarantor's liability under this Guarantee, without liability to pay interest on those moneys.

4. DEPOSIT OF THE GUARANTEE

This Guarantee shall remain effective until the Expiration Date for the benefit of the Beneficiaries from time to time. This Guarantee shall be deposited with and held by the Principal Paying Agent at its specified office until the date which is five years after all the obligations of the Issuer under or in respect of any Notes and the Deed of Covenant have been discharged in full. The Guarantor hereby acknowledges the right of every Beneficiary to the production of, and the right of every Beneficiary to obtain a copy of, this Guarantee, provided that any such request shall not result in any additional cost being borne by the Guarantor and no duplication of any obligation of the Guarantor hereunder may derive from the production of any such copy.

5. STAMP DUTIES

The Guarantor shall pay all stamp, registration and other documentary taxes and duties (including any interest and penalties thereon or in connection therewith) which are payable upon or in connection with the execution and delivery of this Guarantee and any action taken by any Beneficiary to enforce the provisions of this Guarantee, and shall indemnify each Beneficiary against any documented claim, demand, action, liability, damages, cost, loss or expense (including, without limitation, documented legal fees and any applicable value added tax) which it incurs as a result or arising out of or in relation to any failure to pay or delay in paying any of the same.

6. WITHHOLDING OR DEDUCTION

All payments by the Guarantor under this Guarantee will be made without withholding or deduction for or on account of any present or future taxes or duties of whatever nature, unless such withholding or deduction is required by law. In the event such withholding or deduction is imposed or levied by or on behalf of any Tax Jurisdiction (as defined below), the Guarantor will pay such additional amounts as shall be necessary in order that the net amounts received by the Beneficiaries after such withholding or deduction shall equal the respective amounts which would otherwise have been receivable in the absence of such withholding or deduction; except that no such additional amounts shall be payable:

- (a) where the relevant Note is presented for payment in any Tax Jurisdiction (as defined below); or
- (b) where the relevant Beneficiary is liable for such taxes or duties by reason of his having some connection with a Tax Jurisdiction other than the mere holding of such Note; or
- (c) where the relevant Beneficiary would be able to avoid such withholding or deduction by making a declaration or any other statement, including but not limited to a declaration of residence or non-residence, but fails to do so; or

- (d) more than 30 days after the Relevant Date (as defined below) except to the extent that the relevant Beneficiary would have been entitled to an additional amount on presenting the same for payment on such thirtieth day (or, if such thirtieth day is not a Business Day (as defined in the Agency Agreement), the next succeeding Business Day); or
- (e) where such withholding or deduction is required pursuant to Presidential Decree No. 600 of 29 September, 1973 as amended or supplemented from time to time and/or pursuant to Legislative Decree No. 239 of 1 April, 1996 or future similar law and any related implementing regulations (each as amended or supplemented from time to time); or
- (f) in the event of payment made by the Guarantor to a non-Italian resident Noteholder, to the extent that the Noteholder is resident in a country which does not allow for a satisfactory exchange of information with the Republic of Italy; or
- (g) in respect of any Note classified as atypical securities (“*titoli atipici*”) where such withholding or deduction is required under Law Decree No. 512 of 30 September 1983, as amended or supplemented from time to time; or
- (h) where such withholding or deduction is required to be made pursuant to the Dutch Withholding Tax Act 2021 (*Wet bronbelasting 2021*).

For the avoidance of doubt, no person shall be required to pay additional amounts in respect of any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the “**Code**”) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto.

“**Tax Jurisdiction**” means the Republic of Italy or any jurisdiction through, in or from which payments are made or any political subdivision or any authority thereof or therein having power to tax or any other jurisdiction or political subdivision or authority thereof or therein to which the Guarantor becomes subject in respect of payments made by it of principal and interest on the Notes.

“**Relevant Date**” means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Principal Paying Agent on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the holders of the Notes in accordance with the terms of the Notes.

7. CURRENCY INDEMNITY

Any amount received or recovered in a currency other than that in which the relevant payment is expressed to be due (the “**Contractual Currency**”) (whether as a result of, or of the enforcement of, a judgment or order of a court of any jurisdiction, in the winding-up or dissolution (or similar under the laws of Italy) of the Guarantor or otherwise) by any Beneficiary in respect of any sum expressed to be due to it from the Guarantor shall only constitute a discharge to the Guarantor to the extent of the amount in the Contractual Currency which the recipient is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first date on which it is practicable to do so). If that amount in the Contractual Currency is less than the amount in the Contractual Currency expressed to be due to the recipient under any Note or the Deed of Covenant, the Guarantor shall indemnify it against any loss sustained by it as a result. In any event, the Guarantor shall indemnify the recipient against the cost of making any such purchase. It is expressly agreed that, in any case, the liability of the Guarantor under this Clause 7 will never, for any reason whatsoever, be exceeding the Guarantee

Maximum Amount.

For the purposes of this Clause, it will be sufficient for the relevant Beneficiary to demonstrate that it would have suffered a loss had an actual purchase been made. These indemnities constitute a separate and independent obligation from the Guarantor's other obligations, shall give rise to a separate and independent cause of action, shall apply irrespective of any indulgence granted by any Beneficiary and shall continue in full force and effect despite any other judgment, order, claim or proof for a liquidated amount in respect of any sum due under any Note or the Deed of Covenant or any other judgment or order.

8. BENEFIT OF THE GUARANTEE

8.1 Benefit

This Guarantee shall enure to the benefit of each Beneficiary and its (and any subsequent) successors and assigns, each of which shall be entitled severally to enforce this Guarantee against the Guarantor.

Any Notes issued by the Issuer under the Programme on or after the date hereof will be issued with the benefit of this Guarantee (as amended and/or supplemented and/or restated from time to time).

8.2 Assignment

The Guarantor shall not be entitled to assign or transfer all or any of its rights, benefits and obligations hereunder. Each Beneficiary shall be entitled to assign all or any of its rights and benefits hereunder together with the assignment or transfer of the relevant Note.

9. PARTIAL INVALIDITY

If at any time any provision hereof is or becomes illegal, invalid or unenforceable in any respect under the laws of any jurisdiction, neither the legality, validity or enforceability of the remaining provisions hereof nor the legality, validity or enforceability of such provision under the laws of any other jurisdiction shall in any way be affected or impaired thereby.

ENFORCEMENT OF GLOBAL NOTES

In the case of Global Notes issued after the date hereof, the rights of individual investors will be determined in accordance with the Deed of Covenant, the terms of which are set out below, and by their arrangements with Euroclear Bank SA/NV and/or Clearstream Banking, S.A.

FORM OF THE DEED OF COVENANT

THIS DEED OF COVENANT is made on 30 March 2023 by **ENEL FINANCE INTERNATIONAL N.V.** a public limited liability company (naamloze vennootschap) incorporated under the laws of the Netherlands, having its registered office at Herengracht 471, 1017 BS Amsterdam, the Netherlands, registered with the Amsterdam Chamber of Commerce under number 34313428 (the “**Issuer**”) in favour of the account holders or participants specified below of Clearstream Banking, S.A. (“**Clearstream, Luxembourg**”) and Euroclear Bank SA/NV (“**Euroclear**”) (each a “**Clearing System**”).

WHEREAS:

- (A) Pursuant to the terms of an amended and restated dealer agreement dated 30 March 2023 (the “**Dealer Agreement**”, which expression includes the same as it may be amended, supplemented, novated or restated from time to time), the Issuer may from time to time issue Notes (the “**Notes**”) under its €8,000,000,000 SDG target guaranteed euro-commercial paper programme (the “**Programme**”).
- (B) Certain of the Notes will initially be represented by, and comprised in, Global Notes, in each case representing a certain number of underlying Notes (the “**Underlying Notes**”).
- (C) Each Global Note may, after issue, be deposited with a depositary for one or more Clearing Systems (each such Clearing System or all such Clearing Systems together, the “**Relevant Clearing System**”). Upon any deposit of a Global Note, the Underlying Notes represented by the Global Note will be credited to a securities account or securities accounts with the Relevant Clearing System. Any account holder with the Relevant Clearing System which has Underlying Notes credited to its securities account from time to time (each a “**Relevant Account Holder**”) will, subject to and in accordance with the terms and conditions and operating procedures or management regulations of the Relevant Clearing System, be entitled to transfer the Underlying Notes and (subject to and upon payment being made by the Issuer to the bearer in accordance with the terms of the relevant Global Note) will be entitled to receive payments from the Relevant Clearing System calculated by reference to the Underlying Notes credited to its securities account.
- (D) In certain circumstances specified in each Global Note, a Global Note will become void. The time at which a Global Note becomes void is referred to as the “**Relevant Time**”. In those circumstances, each Relevant Account Holder will, subject to and in accordance with the terms of this Deed of Covenant, acquire against the Issuer all those rights which the Relevant Account Holder would have had if, prior to the Global Note becoming void, duly executed and authenticated Definitive Notes had been issued in respect of its Underlying Notes and the Definitive Notes were held and beneficially owned by the Relevant Account Holder.
- (E) The obligations of the Issuer under this Deed of Covenant have been unconditionally and irrevocably guaranteed by ENEL – Società per Azioni pursuant to a guarantee dated 30 March 2023 (the “**Guarantee**”). An executed copy of the Guarantee has been deposited with and shall be held by the Principal Paying Agent on behalf of the Noteholders (as defined in the Guarantee) and the Relevant Account Holders from time to time at its specified office (being at the date hereof at Deutsche Bank AG, London Branch, Winchester House, 1 Great Winchester Street, London EC2N 2DB, England) and a copy of the Guarantee shall be available for inspection at that specified office and at the specified office of each of the other agents named in the amended and restated agency agreement dated 30 March 2023 (the “**Agency Agreement**”).

NOW THIS DEED OF COVENANT WITNESSES as follows:

1. If any Global Note becomes void in accordance with its terms, the Issuer undertakes and covenants with each Relevant Account Holder (other than when any Relevant Clearing System is an account holder of any other Relevant Clearing System) that each Relevant Account Holder shall automatically acquire at the Relevant Time, without the need for any further action on behalf of any person, against the Issuer all those rights which the Relevant Account Holder would have had if at the Relevant Time it held and beneficially owned duly executed and authenticated Definitive Notes in respect of each Underlying Note represented by the Global Note which the Relevant Account Holder has credited to its securities account with the Relevant Clearing System at the Relevant Time. The Issuer's obligation under this clause shall be a separate and independent obligation by reference to each Underlying Note which a Relevant Account Holder has credited to its securities account with the Relevant Clearing System and the Issuer agrees that a Relevant Account Holder may assign its rights under this Deed of Covenant in whole or in part.
2. The records of the Relevant Clearing System shall be conclusive evidence of the identity of the Relevant Account Holders and the number of Underlying Notes credited to the securities account of each Relevant Account Holder. For these purposes a statement issued by the Relevant Clearing System stating:
 - (a) the name of the Relevant Account Holder to which the statement is issued; and
 - (b) the aggregate nominal amount of Underlying Notes credited to the securities account of the Relevant Account Holder as at the opening of business on the first day following the Relevant Time on which the Relevant Clearing System is open for business,shall be conclusive evidence of the records of the Relevant Clearing System at the Relevant Time.
3. In the event of a dispute, the determination of the Relevant Time by the Relevant Clearing System shall (in the absence of manifest error) be final and conclusive for all purposes in connection with the Relevant Account Holders with securities accounts with the Relevant Clearing System.
4. All payments of principal and interest in respect of the Underlying Notes by the Issuer will be made without withholding or deduction for or on account of any present or future taxes or duties of whatever nature, unless such withholding or deduction is required by law. In the event such withholding or deduction is imposed or levied by or on behalf of any Tax Jurisdiction (as defined below), the Issuer and/or the Guarantor, as the case may be, will pay such additional amounts as shall be necessary in order that the net amounts received by the Relevant Account Holders after such withholding or deductions shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of their Underlying Notes in the absence of such withholding or deduction; except that no such additional amounts shall be payable in relation to any Underlying Note:
 - (a) where the relevant Underlying Note is presented for payment in any Tax Jurisdiction (as defined below); or
 - (b) of a Relevant Account Holder who is liable for such taxes or duties in respect of such Underlying Note by reason of his having some connection with a Tax Jurisdiction or with the Republic of Italy other than the mere holding of such Underlying Note; or
 - (c) of a Relevant Account Holder who would be able to avoid such withholding or deduction by making a declaration or any other statement, including but not limited to, a declaration of residence or non-residence but fails to do so; or
 - (d) more than 30 days after the Relevant Date (as defined below) except to the extent that the Relevant Account Holder would have been entitled to such additional amounts if

such payment had been made on such thirtieth day (or, if such thirtieth day is not a Business Day (as defined in the Agency Agreement), the next succeeding Business Day); or

- (e) where such withholding or deduction is required pursuant to Presidential Decree No. 600 of 29 September 1973 as amended or supplemented from time to time and/or pursuant to Legislative Decree No. 239 of 1 April 1996 or future similar law and any related implementing regulations (each as amended or supplemented from time to time); or
- (f) in the event of payment by ENEL - Società per Azioni (acting as the Issuer) to a non-Italian resident Relevant Account Holder, to the extent that the Relevant Account Holder is resident in a country which does not allow for a satisfactory exchange of information with the Republic of Italy; or
- (g) in respect of any Note classified as atypical securities (“*titoli atipici*”) where such withholding or deduction is required under Law Decree No. 512 of 30 September 1983, as amended or supplemented from time to time; or
- (h) where such withholding or deduction is required to be made pursuant to the Dutch Withholding Tax Act 2021 (*Wet bronbelasting 2021*).

For the avoidance of doubt, no person shall be required to pay additional amounts in respect of any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the “**Code**”) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto.

“**Tax Jurisdiction**” means The Netherlands, the Republic of Italy or any jurisdiction through, in or from which payments are made or any political subdivision or any authority thereof or therein having power to tax or any other jurisdiction or political subdivision or authority thereof or therein to which the Issuer becomes subject in respect of payments made by it of principal and interest on the Notes.

“**Relevant Date**” means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Principal Paying Agent on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the holders of the Notes in accordance with the terms of the Notes.

- 5. The Issuer will pay any stamp, registration and other similar documentary duties and taxes, including interest and penalties, payable on or in connection with the execution or delivery of this Deed of Covenant and any action taken by any Relevant Account Holder to enforce the provisions of this Deed of Covenant against the Issuer.
- 6. The Issuer represents, warrants and undertakes with each Relevant Account Holder that it has all corporate power, and has taken all necessary corporate or other steps, to enable it to execute, deliver and perform this Deed of Covenant, and that this Deed of Covenant constitutes a legal, valid and binding obligation of the Issuer enforceable in accordance with its terms subject to the laws of bankruptcy and other laws affecting the rights of creditors generally.
- 7. This Deed of Covenant shall take effect as a deed poll for the benefit of the Relevant Account Holders from time to time. This Deed of Covenant shall be deposited with and held by the common depository for Euroclear and Clearstream, Luxembourg (being at the date of this Deed of Covenant, Deutsche Bank AG, London Branch, Winchester House, 1 Great Winchester Street, London EC2N 2DB, England) until all the obligations of the Issuer under this Deed of Covenant have been discharged in full.

8. This Deed of Covenant shall enure to the benefit of each Relevant Account Holder and its (and any subsequent) successors and assigns, each of which shall be entitled severally to enforce this Deed of Covenant against the Issuer.
9. The Issuer acknowledges the right of every Relevant Account Holder to the production of, and the right of every Relevant Account Holder to obtain (upon payment of a reasonable charge) a copy of, this Deed of Covenant, and further acknowledges and covenants that the obligations binding upon it contained in this Deed of Covenant are owed to, and shall be for the account of, each and every Relevant Account Holder, and that each Relevant Account Holder shall be entitled severally to enforce these obligations against the Issuer.
10. Any Notes issued by the Issuer on or after the date hereof will have the benefit of this Deed of Covenant (as amended and/or substituted and/or restated from time to time).
11. No rights are conferred on any person under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of this Deed of Covenant, but this does not affect any right or remedy of any person which exists or is available apart from that Act.
12. This Deed of Covenant is, and any non-contractual obligations arising out of or in connection with it are, governed by, and shall be construed in accordance with, the laws of England.

The courts of England are to have jurisdiction to settle any disputes which may arise out of or in connection with this Deed of Covenant (including a dispute relating to any non-contractual obligations arising out of or in connection with this Deed of Covenant) and accordingly any suit, action or proceedings (together referred to as “**Proceedings**”) arising out of or in connection with this Deed of Covenant (including any Proceedings relating to any non-contractual obligations arising out of or in connection with this Deed of Covenant) may be brought in such courts.

The Issuer irrevocably submits to the exclusive jurisdiction of the courts of England and waives any objection to Proceedings in any such courts whether on the ground of venue or on the ground that the Proceedings have been brought in an inconvenient forum.

The Issuer appoints Law Debenture Corporate Services Limited, Eight Floor, 100 Bishopsgate, London EC2N 4AG, England as its agent for service of process, and undertakes that, in the event of such process agent ceasing so to act or ceasing to be registered in England, it will appoint another person as its agent for service of process in England in respect of any Proceedings. Nothing in this clause shall affect the right to serve process in any other manner permitted by law.

13. All notices, demands and other communications to the Issuer hereunder shall be made in writing (by letter, e-mail or fax) and shall be sent to the Issuer at:
