MOODY'S PLACES ENEL'S LONG-TERM ("A2") AND SHORT-TERM ("P-1") CREDIT RATINGS ON REVIEW FOR POSSIBLE DOWNGRADE

- *The creditwatch revision follows a similar amendment of the Italian Republic credit rating recently carried out by Moody's*

Rome, June 20th, 2011 – Today Moody's placed its long-term credit rating of "A2" and short-term credit rating of "Prime-1" for Enel SpA ("Enel" or the "Company") on review for possible downgrade.

Such change follows the similar rating action carried out few days ago by Moody's on the Italian Republic credit rating and takes into account the ownership structure of Enel, where the Ministry of Economy and Finance owns slightly more than 30% of the Company's share capital.
