ENEL GREEN POWER: 2 MILLION EURO FUND FOR PEOPLE IMPACTED BY THE BARGI ACCIDENT

Rome, April 10th, 2024 – Enel Green Power, following the serious accident that occurred at the Bargi power plant (Province of Bologna), established an immediate fund of two million euros in order to allow the people impacted and their families to meet near-term, urgent needs. From the start of the incident, Enel Green Power has worked to provide assistance to the people impacted and their families by sending a team of psychologists to the site and to the hospitals where the injured are being treated, making hotel rooms available and offering logistical support. Enel Green Power will continue to be supportive in every way to those injured and the families of the victims.
