

PRESS RELEASE

ENEL IS THE NEW OFFICIAL ENERGY PARTNER OF AC MILAN

- *From sport to energy: a partnership to drive change towards a more sustainable and conscious future*

Rome, November 17th, 2025 – Enel joins the Rossoneri (“The Red and Blacks”) family as the new **Premium Partner** and **Official Energy Partner** of the **AC Milan** football club.

Sustainability and people-centric values are at the heart of this collaboration. By leveraging sport and energy as engines of transformation—capable of connecting and empowering communities—the two organizations aim to generate a positive impact, promoting responsible behavior and helping to build a more conscious future.

The synergy with AC Milan is part of the Enel Group’s broader investment strategy in football. Already partnered with some of the leading clubs in Italy’s top professional football league Serie A, Enel confirms its position as the top energy player with the largest number of partnerships in the league.

The collaboration will make its official debut on November 29th, during the match against Lazio, and will accompany AC Milan in home games of Serie A and of the Coppa Italia championship.
