

PRESS RELEASE

PROTOCOL SIGNED BETWEEN THE ITALIAN STATE POLICE AND ENEL TO STRENGTHEN COOPERATION

Rome, November 19th, 2025 - Italy's Chief of Police, Director General of Public Security, Prefect **Vittorio Pisani**, and Enel CEO, **Flavio Cattaneo**, signed a Memorandum of Understanding with the aim of strengthening activities to prevent and combat illegality, as well as enhancing security and cooperation.

The memorandum consolidates the commitment on fundamental issues: activities aimed at safeguarding infrastructures intended for essential public services to ensure the stability of the electricity grid and the development of synergies in the field of cyber security. In addition, the memorandum covers actions for the prevention of offences such as fraud, energy theft and aggressive telemarketing, all activities aimed at increasing consumer protection. The parties will also promote actions for the energy efficiency of Italy's State Police facilities located throughout the country.

The agreement, which also provides for training and refresher activities, strengthens collaboration between institutions and the private sector, creating value for the country system.
